

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Deborah Kolb
DOCKET NO.: 17-02752.001-R-1
PARCEL NO.: 14-10-311-005

The parties of record before the Property Tax Appeal Board are Deborah Kolb, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,896
IMPR.: \$118,128
TOTAL: \$151,024

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,116 square feet of living area. The dwelling was constructed in 1983. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 756 square foot garage. The property has a 41,111 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 1.69 miles from the subject property. The comparables have sites ranging in size from 43,063 to 49,763 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,323 to 3,450 square feet of living area. The homes were built

in 1988 or 1989. The comparables all have basements, one with finished area¹; central air conditioning, one or two fireplaces and attached garages that range in size from 713 to 1,008 square feet of building area. The comparables sold from September 2015 to February 2017 for prices ranging from \$396,100 to \$479,500 or from \$116.33 to \$138.99 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$134,240.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$151,024. The subject's assessment reflects a market value of \$455,578 or \$146.21 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 1.751 miles from the subject. The comparables have sites ranging in size from 44,253 to 55,824 square feet of land area and are improved with two-story dwellings of wood siding exterior construction ranging in size from 3,049 to 3,182 square feet of living area. The homes were built from 1980 to 1989. The comparables have basements, two with finished area¹; central air conditioning; one fireplace and attached garages that range in size from 704 to 851 square feet of building area. The comparables sold from June 2015 to September 2017 for prices ranging from \$470,000 to \$500,000 or from \$147.71 to \$161.92 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 and board of review comparables #1 and #2 each of which has finished basement area considered superior to the subject's unfinished basement. The Board finds the best evidence of market value to be the appellant's comparable sales #1 and #3 and board of review comparable sales #3 and #4. These best comparables are similar to the subject in terms of dwelling size, age and features and sold from June 2015 to September 2017 for prices ranging from \$396,100 to \$500,000 or from \$116.33 to \$161.92 per square foot of living area, including land. The subject's assessment reflects a market value of \$455,578 or \$146.21 per square foot of living area, including land, which is within the ranges established by the best comparable sales in this record. After considering adjustments to the comparables for differences to the subject, the Board finds a reduction in the subject's assessment is not justified.

¹ Basement finished area was obtained from property sketches or property record cards submitted by the parties.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
