

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James & Linda Considine  
DOCKET NO.: 17-02753.001-R-1  
PARCEL NO.: 10-35-401-012

The parties of record before the Property Tax Appeal Board are James & Linda Considine, the appellants, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$31,427  
**IMPR.:** \$131,759  
**TOTAL:** \$163,186

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,484 square feet of living area. The dwelling was constructed in 1989. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 720 square foot garage. The property has a 46,139 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellants contend assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood as the subject property. The comparables consist of two-story dwellings of brick or wood siding exterior construction ranging in size from 3,345 to 3,564 square feet of living area. The dwellings were constructed from 1983 to 1988. The comparables each feature a basement with two having finished area, central air conditioning,

two or two fireplaces and a garage ranging in size from 665 to 978 square feet of building area. In addition, comparable #1 has a 600 square foot inground swimming pool. The comparables have improvement assessments ranging from \$106,971 to \$114,531 or from \$30.01 to \$33.37 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$163,186. The subject property has an improvement assessment of \$131,759 or \$37.82 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood as the subject property. The comparables consist of two-story dwellings of brick, wood siding and stone or wood siding and brick exterior construction ranging in size from 3,234 to 3,925 square feet of living area. The comparables were built from 1983 to 1995. The comparables each feature an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 792 to 878 square feet of building area. The comparables have improvement assessments ranging from \$128,696 to \$143,878 or from \$35.78 to \$39.79 per square foot of living area. As part of its submission, the board of review provided property record cards of the subject and its comparables. Based on this evidence, the board of review requested that the subject's assessment be sustained.

### **Conclusion of Law**

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gave less weight to the appellants' comparables #1 and #2 as each has a finished basement and/or an inground swimming pool, which are features the subject property does not have. The Board also gave less weight to board of review comparable #1 due to its larger dwelling size when compared to the subject.

The Board finds the remaining four comparables are most similar to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments ranging from \$33.37 to \$39.79 per square foot of living area. The subject's improvement assessment of \$37.82 per square foot of living area falls within the range established by the most similar comparables in the record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment based on inequity is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
