

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Irene Itkin  
DOCKET NO.: 17-02762.001-R-1  
PARCEL NO.: 16-17-300-036

The parties of record before the Property Tax Appeal Board are Irene Itkin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$57,421  
**IMPR.:** \$344,579  
**TOTAL:** \$402,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 7,000 square feet of living area. The dwelling was constructed in 2006. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a 776 square foot attached garage. The property has a 17,424 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within .24 of a mile of the subject. The comparables are described as two-story dwellings of brick exterior construction ranging in size from 4,207 to 6,123 square feet of living area. The dwellings were built from 2004 to 2008. The comparables each have a full basement with one having finished area; central air conditioning; one or two fireplaces and a

garage ranging in size from 763 to 926 square feet of building area. The comparables have improvement assessments ranging from \$195,016 to \$274,476 or from \$44.83 to \$47.36 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$402,000. The subject property has an improvement assessment of \$344,579 or \$49.23 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within .663 of a mile of the subject.<sup>1</sup> The comparables consist of two-story dwellings of brick exterior construction ranging in size from 6,123 to 7,284 square feet of living area. The dwellings were constructed from 2004 to 2007. The comparables each feature an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 748 to 1,050 square feet of building area. The comparables have improvement assessments ranging from \$274,476 to \$365,460 or from \$44.83 to \$50.17 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted six equity comparables for the Board's consideration, with one comparable common to both parties. The appellant's comparables #2 and #3 have significantly smaller dwelling sizes when compared to the subject and therefore, were given less weight by the board.

The Board finds the best evidence of assessment equity to be the board of review comparables which includes the parties' common comparable. These comparables are more similar to the subject in location, dwelling size, design, age and features. The comparables have improvement assessments ranging from \$274,476 to \$365,460 or from \$44.83 to \$50.17 per square foot of living area. The subject has an improvement assessment of \$344,579 or \$49.23 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported.

---

<sup>1</sup> Board of review comparable #3 is the same property as appellant's comparable #1.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
