

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Niec
DOCKET NO.: 17-02816.001-R-1
PARCEL NO.: 15-26-403-001

The parties of record before the Property Tax Appeal Board are Jason Niec, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$60,993
IMPR.: \$131,067
TOTAL: \$192,060

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood-siding exterior construction with 2,744 square feet of living area. The dwelling was constructed in 1984. Features of the home include a crawl space foundation, central air conditioning, a fireplace and a 726-square foot attached garage. The property has a 42,253-square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on four comparable sales located from .95 of a mile to 2.76 miles from the subject property. The comparables are described as two-story dwellings of wood siding or brick exterior construction ranging in size from 2,633 to 3,069 square feet of living area. The dwellings were constructed from 1980 to 1986. Features of each comparable include a full or partial basement with three having a finished area; central air conditioning; one fireplace and an

attached garage ranging in size from 214 to 717 square feet of building area. The properties have sites ranging in size from 20,038 to 23,398 square feet of land area. The comparables sold from May 2016 to May 2017 for prices ranging from \$535,000 to \$695,000 or from \$203.19 to \$228.02 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$192,060. The subject's assessment reflects a market value of \$579,367 or \$211.14 per square foot of living area, including land, when applying the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on three comparable sales located from 1.643 to 1.707 miles from the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 2,653 to 2,829 square feet of living area. The dwellings were constructed from 1994 to 1996. Features of each comparable includes an unfinished basement, central air conditioning, one fireplace and an attached garage that ranges in size from 644 to 659 square feet of building area. The properties have sites with either 8,276 or 13,743 square feet of land area. The comparables sold from August 2016 to January 2017 for prices ranging from \$682,000 to \$690,000 or from \$243.90 to \$257.07 per square foot of living area including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted seven comparable sales for the Board's consideration, none of which are truly similar to the subject. For example, both parties comparables have smaller sites, superior basement foundations and are located outside the subject neighborhood. The appellant's comparables are more similar in age while the board of review comparables are more similar in dwelling size when compared to the subject. These comparables sold between May 2016 to May 2017 for prices ranging from \$535,000 to \$695,000 or from \$203.19 to \$257.07 per square foot of living area, including land. The subject's assessment reflects a market value of \$579,367 or \$211.14 per square foot of living area, including land, which falls within the range established by the comparable sales in this record. After considering adjustments to the comparables for differences from the subject such as basement foundation and finish, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record, the Board finds that no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
