

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Offenback  
DOCKET NO.: 17-02818.001-R-1  
PARCEL NO.: 15-28-101-070

The parties of record before the Property Tax Appeal Board are Daniel Offenback, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$40,066  
**IMPR.:** \$139,205  
**TOTAL:** \$179,271

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,166 square feet of living area. The dwelling was constructed in 1992. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 462 square foot attached garage. The property has a 13,418 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on three comparable sales located from .05 to .24 of a mile from the subject property. The comparables are described as two-story dwellings of wood siding exterior construction ranging in size from 2,758 to 3,166 square feet of living area. The dwellings were constructed from 1989 to 1992. Features of the comparables include full basements with two comparables having finished basement areas. All dwellings have central air conditioning, a

fireplace and attached garages with either 420 or 704 square feet of building area. The properties have sites ranging in size from 10,326 to 14,183 square feet of land area. Comparable #3 has an inground swimming pool. The comparables sold from March to June 2016 for prices ranging from \$430,000 to \$597,000 or from \$148.79 to \$188.57 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,271. The subject's assessment reflects a market value of \$540,787 or \$170.81 per square foot of living area including land when applying the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales, one of which was also submitted by the appellant.<sup>1</sup> The comparable properties are located from .047 to .606 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding or brick exterior construction that range in size from 3,166 to 3,329 square feet of living area. The dwellings were constructed from 1988 to 1992. Features of the comparables include a basement with three having finished basement area. All comparables have central air conditioning, a fireplace and attached garages that range in size from 671 to 704 square feet of building area. The properties have sites ranging in size from 13,011 to 16,596 square feet of land area. Comparable #1 has an inground swimming pool. The comparables sold from April 2016 to July 2017 for prices ranging from \$595,000 to \$620,000 or from \$183.24 to \$195.83 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted six comparable sales for the Board's consideration, which includes one comparable common to both parties. The Board gave less weight to the parties' common comparable as it has an inground swimming pool unlike the subject.

The Board finds the best evidence of market value to be appellant's comparable sales #1 and #2 along with board of review comparable sales #2 through #4. The Board finds these comparables are similar to the subject in location, site size, dwelling size, age, design and features except for three comparables having finished basement area that require downward adjustments. These comparables sold from March 2016 to July 2017 for prices ranging from \$430,000 to \$620,000 or from \$148.79 to \$195.83 per square foot of living area, including land. The subject's

assessment reflects a market value of \$540,787 or \$170.81 per square foot of living area including land which falls within the range established by the most similar comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record, the Board finds that no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
