

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lee Alexander  
DOCKET NO.: 17-02828.001-R-1  
PARCEL NO.: 05-24-305-008

The parties of record before the Property Tax Appeal Board are Lee Alexander, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,663  
**IMPR.:** \$58,274  
**TOTAL:** \$69,937

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,854 square feet of living area. The dwelling was constructed in 2002. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 441 square foot attached garage. The property has a 7,405 square foot site and is located in Grant Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .26 of a mile of the subject. The comparables are described as two-story dwellings of wood siding exterior construction ranging in size from 1,856 to 2,285 square feet of living area. The dwellings were constructed from 1996 to 2004 on sites ranging in size from 6,533 to 13,425 square feet of land area. The comparables each have a basement, with two having finished area; central air

conditioning and a garage ranging in size from 420 to 648 square feet of building area. One comparable has two fireplaces. The comparables sold from February 2016 to June 2017 for prices ranging from \$146,000 to \$224,000 or from \$78.66 to \$105.62 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,937. The subject's assessment reflects a market value of \$210,971 or \$113.79 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In response to the appellant's evidence, the board of review submitted a letter from the township assessor who argued appellant's comparables #1 and #2 are larger dwellings when compared to the subject and comparable #3 was a sheriff's sale.

In support of the subject's assessment, the board of review submitted information on three comparable sales located within .24 of a mile of the subject. The comparables are described as two-story dwellings of wood siding exterior construction ranging in size from 1,800 to 1,915 square feet of living area. The dwellings were constructed in 1999 or 2003 on sites ranging in size from 6,533 to 9,148 square feet of land area. Each comparable has a basement, with one having finished area; central air conditioning and a garage ranging in size from 440 to 454 square feet of building area. One comparable has a fireplace. The comparables sold from July 2016 to February 2017 for prices ranging from \$212,500 to \$240,000 or from \$115.36 to \$133.33 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted seven comparable sales to support their respective positions. The Board gave less weight to the appellant's comparable #1 due to its larger dwelling size when compared to the subject.

The Board finds the best evidence of the subject's market value to be the parties' remaining comparables. These comparables are similar to the subject in location, dwelling size, design, age and most features. They sold from July 2016 to June 2017 for prices ranging from \$146,000 to \$240,000 or from \$78.66 to \$133.33 per square foot of living area, including land. Excluding appellant's comparable #3 which is a sheriff's sale that calls into question the arms-length nature of the transaction and appears to be an outlier, yields a tighter range of values from \$192,000 to \$240,000 or from \$101.05 to \$133.33 per square foot of living area. The subject's assessment

reflects a market value of \$210,971 or \$113.79 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record, the Board finds the appellant failed to prove by a preponderance of the evidence that the subject was overvalued. Therefore, a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
