

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roberta Brickman
DOCKET NO.: 17-02858.001-R-1
PARCEL NO.: 16-15-113-012

The parties of record before the Property Tax Appeal Board are Roberta Brickman, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$67,449
IMPR.: \$76,308
TOTAL: \$143,757

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,051 square feet of living area. The dwelling was constructed in 1958. Features of the home include a crawl space foundation, central air conditioning and a 625 square foot garage. The property has a 11,392 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within .50 of a mile from the subject. The comparables are described as two-story dwellings of wood siding or brick exterior construction ranging in size from 2,324 to 2,509 square feet of living area. The dwellings were built in 1938 or 1940. Two comparables have concrete slab foundations and one comparable has a partial unfinished basement. Each comparable has central air conditioning, one fireplace and two comparables each have a garage

with either 143 or 748 square feet of building area. The comparables have improvement assessments ranging from \$20,288 to \$33,195 or from \$8.73 to \$13.23 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$143,757. The subject property has an improvement assessment of \$76,308 or \$37.21 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables located within .347 of a mile from the subject. The comparables consist of two-story dwellings of brick and wood siding exterior construction ranging in size from 1,950 to 2,179 square feet of living area. The dwellings were constructed from 1956 to 1959. Seven comparables have central air conditioning and each comparable has a garage ranging in size from 308 to 575 square feet of building area. One comparable has a fireplace. The comparables have improvement assessments ranging from \$73,373 to \$80,362 or from \$36.88 to \$39.03 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted 11 equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their dissimilar ages and larger dwelling sizes when compared to the subject. The Board finds the best evidence of assessment equity to be the board of review comparables as they are similar to the subject in location, dwelling size, design, age and/or features. The comparables have improvement assessments ranging from \$73,373 to \$80,362 or from \$36.88 to \$39.03 per square foot of living area. The subject has an improvement assessment of \$76,308 or \$37.21 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
