

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CSMA BLT, LLC  
DOCKET NO.: 17-02859.001-R-1  
PARCEL NO.: 08-33-106-020

The parties of record before the Property Tax Appeal Board are CSMA BLT, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,084  
**IMPR.:** \$9,941  
**TOTAL:** \$14,025

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,292 square feet of living area. The dwelling was constructed in 1930. Features of the home include a partial unfinished basement and a 300 square foot detached garage. The property has an 8,250 square foot site and is located in North Chicago, Waukegan Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within .33 of a mile from the subject. The comparables are described as 2-story dwellings of asbestos or aluminum siding exterior construction with either 1,580 or 1,584 square feet of living area. The dwellings were built in 1910 or 1930. Each comparable has a partial or a full unfinished basement and one comparable has a 483 square foot detached garage. The comparables have improvement assessments ranging from \$1,000 to \$9,354 or from \$.63 to

\$5.91 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,025. The subject property has an improvement assessment of \$9,941 or \$7.69 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables located within .232 of a mile from the subject. The comparables consist of a 1.5-story or 2-story dwellings of brick or frame exterior construction ranging in size from 1,267 to 1,486 square feet of living area. The dwellings were constructed from 1913 to 1940. The comparables each have a full unfinished basement and seven comparables each have a garage ranging in size from 360 to 805 square feet of building area. The comparables have improvement assessments ranging from \$9,175 to \$13,583 or from \$6.98 to \$9.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted 11 equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject. The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are more similar to the subject in location, dwelling size and features. The comparables have improvement assessments ranging from \$9,175 to \$13,583 or from \$6.98 to \$9.14 per square foot of living area. The subject has an improvement assessment of \$9,941 or \$7.69 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
