

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan Fagan
DOCKET NO.: 17-02864.001-R-1
PARCEL NO.: 15-29-413-010

The parties of record before the Property Tax Appeal Board are Alan Fagan, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,253
IMPR.: \$92,306
TOTAL: \$121,559

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,842 square feet of living area. The dwelling was constructed in 1983. Features of the home include a partial unfinished basement, central air conditioning and a 399 square foot attached garage. The property has an 8,321 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within .25 of a mile from the subject. The comparables are described as two-story dwellings of wood siding exterior construction with either 2,048 or 2,103 square feet of living area. The dwellings were built in 1980. Each comparable has a partial or a full basement with finished area, central air conditioning and a garage with either 440 or 462 square

feet of building area. Comparable #2 has one fireplace. The comparables have improvement assessments ranging from \$99,070 to \$103,088 or from \$47.11 to \$50.34 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$121,559. The subject property has an improvement assessment of \$92,306 or \$50.11 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables located within .093 of a mile from the subject. The comparables consist of two-story dwellings of wood siding exterior construction with each containing 1,842 square feet of living area. The dwellings were constructed in 1983. One comparable has a concrete slab foundation. Seven comparables have partial unfinished basements, with three having finished area. Each comparable has central air conditioning and a garage containing 399 square feet of building area. Four comparables each have one fireplace. The comparables have improvement assessments ranging from \$90,403 to \$99,969 or from \$49.08 to \$54.27 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted 11 equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with board of review comparables #6, #7 and #8 because they have superior finished basement area when compared to the subject. The Board also gave less weight to board of review comparable #1 as it has a concrete slab foundation in contrast to the subject's basement foundation. The Board finds the best evidence of assessment equity to be the board of review comparables #2 through #5. These comparables are most similar to the subject in location, dwelling size, design, age and features. The comparables have improvement assessments ranging from \$92,078 to \$94,397 or from \$49.99 to \$51.25 per square foot of living area. The subject has an improvement assessment of \$92,306 or \$50.11 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
