

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronald Rosenblum
DOCKET NO.: 17-02883.001-R-1
PARCEL NO.: 16-33-206-001

The parties of record before the Property Tax Appeal Board are Ronald Rosenblum, the appellant, by attorney Abby L. Strauss of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$68,016
IMPR.: \$137,530
TOTAL: \$205,546

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,905 square feet of living area. The dwelling was constructed in 1965. Features of the home include a partial basement that is partially finished, central air conditioning, one fireplace and an attached garage with 460 square feet of building area. The property is Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with one-story dwellings with brick exterior construction ranging in size from 2,799 to 2,905 square feet of building area. The dwellings were built in 1965 and 1966. Each home has a partial unfinished basement, central air conditioning, one fireplace and an attached garage with either 483 or 506 square feet of building area. The comparables have

improvement assessments ranging from \$107,079 to \$133,391 or from \$38.26 to \$45.98 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$126,018.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,546. The subject property has an improvement assessment of \$137,530 or \$47.34 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story dwellings with brick exteriors that range in size from 2,859 to 2,987 square feet of living area. The homes were constructed in 1965 and 1966. Each property has a partial basement with one being partially finished, central air conditioning, one or two fireplaces and an attached garage with either 483 or 506 square feet of building area. These properties have improvement assessments ranging from \$133,391 to \$142,032 or from \$45.92 to \$49.68 per square foot of living area. Board of review comparable #2 is the same property as appellant's comparable #1. The board of review requested the assessment be sustained.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparables submitted by the parties to support their respective positions with one comparable being common to both parties. Each comparable is similar to the subject property in location, style, size, age and features with the exception five of the comparables have unfinished basements while the subject has a partial basement partially finished, a superior attribute. The Board gives less weight to appellant's comparable #3 as this property appears to be an outlier relative to the remaining comparables in the record. The five remaining comparables have improvement assessments that range from \$130,623 to \$142,032 or from \$45.92 to \$49.68 per square foot of living area. The subject's improvement assessment of \$137,530 or \$47.34 per square foot of living area falls within the range established by the best comparables in this record and is well supported given the subject's finished basement area. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
