

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CSMA BLT, LLC
DOCKET NO.: 17-02890.001-R-1
PARCEL NO.: 08-32-424-003

The parties of record before the Property Tax Appeal Board are CSMA BLT, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin, PC, in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,800
IMPR.: \$ 9,235
TOTAL: \$12,035

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick construction that has 1,026 square feet of living area. The dwelling was built in 1961. Features include an unfinished basement. The subject property is located in Waukegan Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not challenged. In support of the inequity claim, the appellant submitted a grid analysis of six assessment comparables located in close proximity to the subject. The comparables consists of one-story dwellings of brick or wood siding exterior construction that were built from 1950 to 1960. The comparables have unfinished basements; one comparable has central air conditioning; three comparables have a fireplace; and three comparables have a garage. The dwellings range in size from 1,164 to 1,454 square feet of living area. The comparables have improvement assessments ranging from \$9,765 to \$12,063 or from \$7.76 to

\$8.60 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$13,491. The subject property has an improvement assessment of \$10,691 or \$10.42 per square foot of living area. In support of the subject's assessment, the board of review submitted eight assessment comparables located in close proximity to the subject. The comparables consists of one-story dwellings of brick construction that were built from 1955 to 1976. The comparables have unfinished basements; two comparables have central air conditioning; one comparable has a fireplace; and six comparables have a garage. The dwellings range in size from 900 to 1,101 square feet of living area. The comparables have improvement assessments ranging from \$8,183 to \$10,061 or from \$8.96 to \$11.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof.

The record contains 14 assessment comparables for the Board's consideration. The Board gave less weight to five comparables submitted by the appellant due to their older age and/or larger dwelling size when compared to the subject. The Board gave less weight to comparable #5 submitted by the board of review due to its newer age when compared to the subject. The Board finds the remaining eight comparables are most similar when compared to the subject in location, design, age, dwelling size and most features. These comparables have improvement assessments ranging from \$8,183 to \$10,061 or from \$8.25 to \$9.58 per square foot of living area. The subject property has an improvement assessment of \$10,691 or \$10.42 per square foot of living area, which falls above the range established by the most similar assessment comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is excessive. Therefore, a reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
