

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CSMA BLT, LLC
DOCKET NO.: 17-02891.001-R-1
PARCEL NO.: 08-29-409-018

The parties of record before the Property Tax Appeal Board are CSMA BLT, LLC, the appellant, by attorney Abby L. Strauss of Schiller Strauss & Lavin, PC, in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,809
IMPR.: \$25,747
TOTAL: \$32,556

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick construction that has 1,120 square feet of living area. The dwelling was constructed in 1959. Features include an unfinished basement, central air conditioning, a fireplace and a 528 square foot garage. The subject property is located in Waukegan Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not challenged. In support of the inequity claim, the appellant submitted a grid analysis of six assessment comparables located in close proximity to the subject. The comparables consists of one-story dwellings of brick, wood siding or asbestos siding exterior construction that were built from 1950 to 1959. The comparables have unfinished basements; two comparables have central air conditioning; and four comparables have garages that range in size from 352 to 484 square feet of building area. The dwellings range in size from 1,022 to

1,318 square feet of living area. The comparables have improvement assessments ranging from \$12,638 to \$24,053 or from \$9.59 to \$19.01 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$32,556. The subject property has an improvement assessment of \$25,747 or \$22.99 per square foot of living area. In support of the subject's assessment, the board of review submitted eight assessment comparables located in close proximity to the subject. The comparables consists of one-story dwellings of brick or wood siding exterior construction that were built from 1952 to 1967. The comparables have unfinished basements; five comparables have central air conditioning; one comparable has a fireplace; and seven comparables have a garage that range in size from 288 to 528 square feet of building area. The dwellings range in size from 971 to 1,233 square feet of living area. The comparables have improvement assessments ranging from \$18,808 to \$26,999 or from \$19.37 to \$23.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof.

The record contains 14 assessment comparables for the Board's consideration. The Board gave less weight to comparables #1 and #6 submitted by the appellant due to their older age when compared to the subject. The Board finds the remaining 12 comparables are more similar to the subject in location, design, age, dwelling size and most features. These comparables have improvement assessments ranging from \$18,752 to \$26,999 or from \$18.16 to \$23.28 per square foot of living area. The subject property has an improvement assessment of \$25,747 or \$22.99 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's improvement assessment is warranted.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented disclosed that properties located in the

same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
