

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith LaManna
DOCKET NO.: 17-02936.001-R-1
PARCEL NO.: 06-03-305-031

The parties of record before the Property Tax Appeal Board are Keith LaManna, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,246
IMPR.: \$79,512
TOTAL: \$94,758

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of part one-story and part two-story wood-sided dwelling containing 2,741 square feet of living area that was constructed in 1999. Features of the home include an unfinished basement, central air-conditioning, a fireplace and an attached garage with 653 square feet of building area. The dwelling is situated on an 8,276-square foot site and is located in Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis of three comparable sales located within .16 of a mile of the subject. The properties consist of lots ranging in size from 8,712 to 11,326 square feet of land area and are improved with one, part one-story and part two-story dwelling, and two, two-story dwellings containing either 2,741 or 3,041 square feet of living area. The homes were built in 1999 or 2001 and each home features a basement with one having finished area; each dwelling also has central air-conditioning, and an attached garage with 653 square feet of building area;

two homes each have a fireplace. The sales of the comparables occurred from October 2016 to November 2017 for prices ranging from \$248,000 to \$262,000 or from \$81.55 to \$95.59 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$89,231 to reflect a market value of \$267,720 or \$97.67 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,758. The subject's assessment reflects a market value of approximately \$285,846 or \$104.29 per square foot of living area, land included, when applying the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted a grid analysis and property record cards containing information on the subject as well as six comparable sales located from .093 to .362 of a mile from the subject property. The parcels are improved with one, part one-story and part two-story; one, one-story; and four, two-story wood-sided dwellings that range in size from 2,590 to 3,041 square feet of living area. The dwellings were constructed from 1998 to 2003 on lots ranging in size from 7,841 to 13,504 square feet of land area. The comparables each feature a basement with three having finished areas. Each home also has central air conditioning, one or two fireplaces, and a garage containing from 400 to 653 square feet of building area. The sales of the comparables occurred from April 2016 to June 2017 for prices ranging from \$270,000 to \$305,000 or from \$97.73 to \$111.97 per square foot of living area, including land.

Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gave less weight to appellant's comparable #2 and board of review comparables #1, #2, and #5 due to these homes having finished basement areas, unlike the subject's unfinished basement. The Board also gave reduced weight to the board of review comparable #3 based on its dissimilar one-story design.

The Board finds parties' remaining comparables to be most similar to the subject in terms of physical proximity to the subject, lot size, dwelling size, design, age, and features. The best comparables in this record sold from March to November 2017 for prices ranging from \$248,000

to \$290,000 or from \$81.55 to \$107.53 per square foot of living area, including land. The subject's assessment reflects a market value of \$285,846 or \$104.29 per square foot of living area, land included, which is within the range established by the best comparable sales in this record.

After considering adjustments to the comparables for differences compared to the subject, the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued. Therefore, the Board finds that based on this evidence, the subject's estimated market value as reflected by its assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
