

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronald Finkelstein
DOCKET NO.: 17-03018.001-R-1
PARCEL NO.: 16-34-313-021

The parties of record before the Property Tax Appeal Board are Ronald Finkelstein, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$75,921
IMPR.: \$165,238
TOTAL: \$241,159

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,556 square feet of living area. The dwelling was constructed in 1993. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 528 square foot garage. The property has a 16,311 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.57 of a mile from the subject property. Two comparables have sites that contain 12,991 or 17,289 square feet of land area¹. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 3,344 to 3,833 square feet of living area. The homes were built from

¹ No land area was disclosed for appellant's comparable #2.

1985 to 1992. All comparables have a basement, one with finished area; central air conditioning; one fireplace and attached garages that range in size from 462 to 682 square feet of building area. The comparables sold from March 2015 to July 2017 for prices ranging from \$550,000 to \$715,000 or from \$164.47 to \$186.54 per square foot of living area. Based on this evidence, the appellant requested the subject's assessment be reduced to \$207,464.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$241,159. The subject's assessment reflects a market value of \$727,478 or \$204.57 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.56 of a mile from the subject property. The comparables have sites that range in size from 11,622 to 13,716 square feet of land area and are improved with two-story dwellings of brick exterior construction that range in size from 3,008 to 3,765 square feet of living area. The homes were built from 1967 to 1988. All comparables have basements, two with finished area; central air conditioning; one fireplace and attached garages ranging in size from 462 to 621 square foot of building area. The comparables sold from December 2015 to March 2017 for prices ranging from \$707,500 to \$855,000 or from \$199.87 to \$261.24 per square foot of living area, land included.

The board of review also provided a site map associated with the appellant's comparable #1 indicating a portion of the comparable site to be located within a flood zone. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 and board of review comparables #1 and #3 due to their unfinished basement feature which is considered less similar when compared to the subject's finished basement feature. The Board finds the best evidence of market value to be appellant's comparable sale #3 and board of review comparable sales #2 and #4. These most similar comparables sold from December 2015 to February 2017 for prices ranging from \$615,000 to \$752,500 or from \$174.07 to \$235.21 per square foot of living area, including land. The subject's assessment reflects a market value of \$727,478 or \$204.58 per square foot of living area, including land, which fall within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
