

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ayoub Youshaei
DOCKET NO.: 17-03023.001-R-1
PARCEL NO.: 16-27-102-007

The parties of record before the Property Tax Appeal Board are Ayoub Youshaei, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,536
IMPR.: \$70,925
TOTAL: \$115,461

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,363 square feet of living area. The dwelling was constructed in 1957. Features of the home include a full basement with finished area, central air conditioning and a 252 square foot attached garage. The property has a 9,056 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.80 of a mile from the subject property. The comparables are improved with one-story dwellings of brick, wood or vinyl siding exterior construction that range in size from 1,254 to 1,524 square feet of living area. Each comparable has a basement, two with finished area and central air conditioning. One comparable has a fireplace. Two of the comparables feature attached garages with 294 and 576

square feet of building area, respectively. The homes were built in 1951 or 1959. The comparables sold from December 2015 to April 2017 for prices ranging from \$157,000 to \$190,000 or from \$103.02 to \$150.79 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$60,659.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$115,461. The subject's assessment reflects a market value of \$348,299 or \$255.54 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.9 of a mile from the subject property. The comparables have sites ranging in size from 7,306 to 9,645 square feet of land area and are improved with one-story dwellings of brick or wood siding exterior construction that range in size from 1,258 to 1,548 square feet of living area. The homes were built from 1950 to 1954. Two comparables have basements with finished area, one comparable has a crawl space foundation and one has a concrete slab foundation. Each comparable has central air conditioning, three have fireplaces and each has a garage that ranges in size from 252 to 800 square feet of building area. The comparables sold from May 2016 to May 2017 for prices ranging from \$325,000 to \$370,000 or from \$209.95 to \$294.12 per square foot of living area, land included.

The board of review also submitted Multiple Listing Service (MLS) listing sheets associated with the appellant's three comparables. This listing information identified each of the appellant's comparables as needing repair/rehabilitation and were advertised as "tear down" or in "as is" condition. Additionally, an MLS listing for the appellant's comparable #3 with a December 2017 sale date was provided which described the property as having a "Rehab in 2017." The board of review provided maps of the appellant's comparables to demonstrate locations of each on high traffic streets.

The Property Tax appeal board also finds neither party submitted any data concerning the condition of the subject property.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives little weight to the appellant's comparable #1 due to the MLS description of the property being in "tear down/rehab" condition. The Board gives reduced weight to the appellant's comparable #3 and board of review comparables #2 and #3 for unfinished basement, crawl space or slab

foundation features. The Board finds the best evidence of market value to be the appellant's comparable sale #2 and board of review comparable sales #1 and #4 which are considered most similar to the subject in terms of location, site size, age, foundation and dwelling size. These most similar comparables sold from May 2016 to March 2017 for prices ranging from \$184,000 to \$370,000 or from \$146.73 to \$294.12 per square foot of living area, including land. The subject's assessment reflects a market value of \$348,299 or \$255.54 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject property, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
