

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Srini Chari
DOCKET NO.: 17-03025.001-R-1
PARCEL NO.: 11-11-304-008

The parties of record before the Property Tax Appeal Board are Srini Chari, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$67,451
IMPR.: \$94,511
TOTAL: \$161,962

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,190 square feet of living area. The dwelling was constructed in 1979. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 484 square foot garage. The property has a 40,822 square foot site and is located in Green Oaks, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.70 of a mile from the subject property. The comparables have sites that range in size from 24,141 to 150,598 square feet of land area and are improved with one-story dwellings of brick exterior construction that range in size from 2,268 to 2,460 square feet of living area. The homes were built from 1969 to 1972. Each comparable has an unfinished basement, central air conditioning, one or two

fireplaces and attached garages that range in size from 484 to 620 square feet of building area. One comparable also has a detached garage with 616 square feet of building area in addition to its attached garage. The comparables sold from February 2015 to May 2017 for prices ranging from \$351,000 to \$485,000 or from \$142.68 to \$210.78 per square feet of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$125,168.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,962. The subject's assessment reflects a market value of \$488,573 or \$223.09 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 1.80 miles from the subject property. The comparables range in size from 20,135 to 43,560 square feet of land area and are improved with three one-story dwellings and one two-story dwelling of brick or wood siding exterior construction that range in size from 1,752 to 2,363 square feet of living area. The homes were built from 1950 to 1987. Three of the comparables have unfinished basements and one has a crawl space foundation. Each of the comparables have central air conditioning and garages that range in size from 434 to 484 square feet of building area. Two of the comparables have one or two fireplaces. The comparables sold from March 2016 to May 2018 for prices that range from \$351,000 to \$525,000 or from \$192.31 to \$241.12 per square foot of living area, land included. The board of review also submitted four equity comparables that were not analyzed as they do not address the overvaluation argument. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board gives minimal weight to the appellant's comparable sales #1 and #3 due to their larger site sizes relative to other comparables submitted. The Board also gives little weight to the board of review comparable sale #3 and #4 due crawl space foundation, which is less similar when compared to the subject's basement foundation, and 2018 sale date which is less indicative of a January 1, 2018 assessment date. The Board finds the best evidence of market value to be appellant's comparable sale #2 and board of review comparable sales #1 and #2. Although each comparable has a significantly smaller site when compared to the subject, they are more similar to the subject in terms of location, dwelling size, age, unfinished basement and features. These most similar comparables sold from November 2016 to May 2017 for prices ranging from \$365,000 to \$455,000 or from to \$160.93 to \$241.12 per square foot of living area, including

land. The subject's assessment reflects a market value of \$488,573 or \$223.09 per square foot of living area, including land, which is above the overall market value and within the price per square foot range established by the best comparable sales in this record. After considering adjustments to comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
