

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandra Palmer
DOCKET NO.: 17-03026.001-R-1
PARCEL NO.: 11-20-414-020

The parties of record before the Property Tax Appeal Board are Sandra Palmer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$54,131
IMPR.: \$106,266
TOTAL: \$160,397

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,405 square feet of living area. The dwelling was constructed in 1972. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 572 square foot garage. The property has a 17,494 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.38 of a mile from the subject property. The comparables range in size from 10,000 to 10,851 square feet of land area that are improved with two-story dwellings of wood siding exterior construction that range in size from 2,173 to 2,265 square feet of living area. The comparables have unfinished basements, central air conditioning, one fireplace and attached garages that range in size from 410 to 495

square feet of building area. The homes were built from 1969 to 1973. The comparables sold from October 2016 to March 2017 for prices ranging from \$365,000 to \$387,500 or from \$167.97 to \$178.16 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$137,916.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$160,397. The subject's assessment reflects a market value of \$483,852 or \$201.19 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.152 of a mile from the subject property. The comparables range in size from 9,969 to 10,357 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range from 2,080 to 2,249 square feet of living area. The homes were built from 1970 to 1974. Each comparable has an unfinished basement, central air conditioning, fireplace and attached garage that ranges in size from 440 to 492 square feet of building area. The comparables sold from May 2016 to June 2017 for prices ranging from \$427,000 to \$480,900 or from \$205.29 to \$224.41 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparables for the Board's consideration. The Board finds the best evidence of market value to be all of the appellant's and board of review comparable sales. These comparables have a high degree of similarity to the subject in terms location, age, design and features. Each of the comparables have smaller site and dwelling sizes when compared to the subject which suggests an upward adjustment. These most similar comparables sold for prices ranging from \$365,000 to \$480,900 or from \$167.97 to \$224.41 per square foot of living area, including land. The subject's assessment reflects a market value of \$483,852 or \$201.19 per square foot of living area, including land. On an overall market value, the subject's market value as reflected by the assessment falls above the range established by the comparables in this record. On a price per square foot basis, the subject's value falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
