

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Baoguo Jiang
DOCKET NO.: 17-03034.001-R-1
PARCEL NO.: 03-27-101-003

The parties of record before the Property Tax Appeal Board are Baoguo Jiang, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,547
IMPR.: \$147,807
TOTAL: \$181,354

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 4,479 square feet of living area. The dwelling was constructed in 2004. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a 913 square foot garage. The property has a 45,738 square foot site and is located in Wadsworth, Newport Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within .36 of a mile from the subject. The comparables are described as two-story dwellings of brick or wood siding exterior construction ranging in size from 4,115 to 4,460 square feet of living area. The dwellings were built from 2002 to 2007. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and an attached

garage ranging in size from 835 to 1,028 square feet of building area. The comparables have improvement assessments ranging from \$126,392 to \$136,628 or from \$28.51 to \$33.20 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$197,312. The subject property has an improvement assessment of \$163,765 or \$36.56 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables located within .302 of a mile from the subject.¹ The comparables are described as two-story dwellings of wood siding or brick exterior construction ranging in size from 3,753 to 4,482 square feet of living area. The dwellings were constructed from 2000 to 2007. Each comparable has an unfinished basement, central air conditioning, one to three fireplaces and a garage ranging in size from 767 to 1,211 square feet of building area. The comparables have improvement assessments ranging from \$132,114 to \$155,689 or from \$31.90 to \$41.48 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted ten equity comparables for the Board's consideration with one comparable common to both parties that are similar to the subject in location, design, age and features. However, the Board gave less weight to the parties' common comparable along with the board of review comparables #1, #4, #6 and #8 due to their smaller dwelling sizes when compared to the subject. The Board gave more weight to the appellant's comparables #1 and #2 along with board of review comparables #2, #5 and #7 as they are most similar to the subject in dwelling size. The comparables have improvement assessments ranging from \$126,392 to \$151,202 or for \$28.51 to \$34.24 per square foot of living area. The subject has an improvement assessment of \$163,765 or \$36.56 per square foot of living area which falls above the range established by the best comparable sales in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is not supported and a reduction in the subject's assessment is justified.

¹ Board of review comparable #3 and appellant's comparable #3 are the same property.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
