

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gabriel Lorenzo, Jr.
DOCKET NO.: 17-03035.001-R-1
PARCEL NO.: 15-07-301-048

The parties of record before the Property Tax Appeal Board are Gabriel Lorenzo, Jr., the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,721
IMPR.: \$216,412
TOTAL: \$267,133

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,720 square feet of living area. The dwelling was constructed in 1989. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and an 888 square foot attached garage. The property has a 50,965 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within .56 of a mile from the subject. The comparables are described as two-story dwellings of brick or wood siding exterior construction ranging in size from 4,015 to 4,212 square feet of living area. The dwellings were built from 1986 to 1994. Each comparable has a basement with one having finished area; central air conditioning; one or two fireplaces and

a garage ranging in size from 594 to 848 square feet of building area. The comparables have improvement assessments ranging from \$147,687 to \$165,641 or from \$35.97 to \$39.33 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$267,133. The subject property has an improvement assessment of \$216,412 or \$45.85 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within .301 of a mile from the subject. The comparables consist of two-story dwellings of wood siding or brick exterior construction ranging in size from 4,584 to 4,882 square feet of living area. The dwellings were constructed from 1991 to 1995. Features of each comparable include a basement with three having finished area; central air conditioning; two or four fireplaces and a garage ranging in size from 760 to 1,104 square feet of building area. The comparables have improvement assessments ranging from \$206,322 to \$241,248 or from \$44.54 to \$49.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their smaller dwelling sizes when compared to the subject. The Board finds the best evidence of assessment equity to be the board of review comparables as they are similar to the subject in location, design, age, dwelling size and features except for three have superior finished basement area. The comparables have improvement assessments ranging from \$206,322 to \$241,248 or from \$44.54 to \$49.42 per square foot of living area. The subject has an improvement assessment of \$216,412 or \$45.85 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
