

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stuart Cohen
DOCKET NO.: 17-03037.001-R-1
PARCEL NO.: 15-17-104-005

The parties of record before the Property Tax Appeal Board are Stuart Cohen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$79,049
IMPR.: \$180,696
TOTAL: \$259,745

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,437 square feet of living area. The dwelling was constructed in 1988. Features of the home include a partially finished basement, central air conditioning, a fireplace and an 875 square foot garage. The property has a 43,570 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.54 of a mile from the subject property. The comparables range from 20,050 to 24,054 square feet of land area and are improved with two-story dwellings of brick exterior construction that range in size from 4,250 to 4,882 square feet of living area. The homes were built from 1990 to 1996. The comparables each have a basement, two with finished area; central air conditioning; a fireplace and an

attached garage ranging in size from 764 to 820 square feet of building area. The comparables sold from November 2015 to June 2016 for prices that range from \$580,000 to \$740,000 or from \$133.44 to \$151.58 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$207,794.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$259,745. The subject's assessment reflects a market value of \$783,544 or \$176.59 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.5 of a mile from the subject property. The comparables range from 43,570 to 70,025 square feet of land area and are improved with two-story dwellings of brick exterior construction that range in size from 4,202 to 4,787 square feet of living area. The homes were built from 1988 to 1995. The comparables have basements with finished area, central air conditioning, one to three fireplaces and attached garages that range from 690 to 850 square feet of building area. The comparables sold from May 2016 to July 2018 for prices ranging from \$755,000 to \$825,000 or from \$168.16 to \$196.34 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives little weight to the appellant's comparable #1 which has an unfinished basement considered inferior when compared to the subject and other comparables submitted. The Board gives less weight to the appellant's comparable #2 and board of review comparables #1 and #4 due to 2015 or 2018 sale dates which are considered less indicative of the subject's January 1, 2017 assessment date. The Board finds the best evidence of market value to be the appellant's comparable #3 and board of review comparables #1 through #3. These comparables are considered more similar to the subject in terms of location, design, age, dwelling size and features. These most similar comparables sold from May 2016 to August 2017 for prices ranging from \$740,000 to \$805,000 or from \$151.58 to \$176.94 per square foot of living area, including land. The subject's assessment reflects a market value of \$783,544 or \$176.59 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
