

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frederick Harper
DOCKET NO.: 17-03039.001-R-1
PARCEL NO.: 15-24-205-020

The parties of record before the Property Tax Appeal Board are Frederick Harper, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,809
IMPR.: \$116,291
TOTAL: \$186,100

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,687 square feet of living area. The dwelling was constructed in 1967. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and a 506 square foot attached garage. The property has a 20,038 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.90 of a mile from the subject property. The comparable parcels range in size from 19,602 to 33,977 square feet of land area and are improved with two-story dwellings of brick exterior construction that range from 2,474 to 2,968 square feet of living area. The homes were built in 1966 or 1971. The comparables have basements, one with finished area; two with central air conditioning; each

comparable has one or two fireplaces and an attached garage that ranges from 484 to 594 square feet of building area. The comparables sold from May 2016 to November 2016 for prices that range from \$430,000 to \$483,000 or from \$156.67 to \$173.81 per square foot living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$149,946.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,100. The subject's assessment reflects a market value of \$561,388 or \$208.93 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales located within 0.27 of a mile from the subject. The comparable parcels range in size from 14,810 to 21,780 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range from 2,484 to 2,816 square feet of living area. The homes were built from 1967 to 1975. The comparables have basements, four with finished area; central air conditioning; one or two fireplaces and attached garages ranging from 456 to 1,104 square feet of building area. The comparables sold from April 2016 to July 2018 for prices that range from \$555,000 to \$652,000 or from \$212.81 to \$236.75 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives least weight to the appellant's comparable #3 and board of review comparables #1, #2, #4 and #5 which have finished basements considered superior to the subject's unfinished basement. The Board also gives little weight to the appellant's comparable #1 which lacks central air conditioning. The Board finds the best evidence of market value to be appellant's comparable sale #2 and board of review comparable sales #3 and #6 which are more similar when compared to the subject in terms of location, site size, dwelling size, age, unfinished basement and features. These most similar comparables sold from April to November 2016 for prices ranging from \$465,000 to \$640,000 or from \$156.67 to \$229.72 per square foot of living area, including land. The subject's assessment reflects a market value of \$561,388 or \$208.93 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
