

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bradley Newman  
DOCKET NO.: 17-03047.001-R-1  
PARCEL NO.: 10-22-103-021

The parties of record before the Property Tax Appeal Board are Bradley Newman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$33,313  
**IMPR.:** \$173,786  
**TOTAL:** \$207,099

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,629 square feet of living area. The dwelling was constructed in 2003. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a 672 square foot attached garage. The property has a 10,890 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within .12 of a mile from the subject. The comparables are described as two-story dwellings of brick or wood siding exterior construction ranging in size from 3,496 to 3,710 square feet of living area. The dwellings were built from 2001 to 2003. Each comparable has a basement with finished area, central air conditioning, two fireplaces and a garage ranging

in size from 440 to 1,087 square feet of building area. The comparables have improvement assessments ranging from \$130,207 to \$144,700 or from \$37.24 to \$39.50 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$207,099. The subject property has an improvement assessment of \$173,786 or \$47.89 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within .177 of a mile from the subject. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 3,204 to 3,770 square feet of living area. The dwellings were constructed from 2001 to 2006. Features of each comparable include a basement with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 695 to 940 square feet of building area. The comparables have improvement assessments ranging from \$147,782 to \$183,681 or from \$46.12 to \$48.72 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 and board of review comparable #3 due to their smaller dwelling size and/or basement size when compared to the subject. The Board finds the best evidence of assessment equity to be the parties' remaining comparables as they are similar to the subject in location, design, age, dwelling size and most features. The comparables have improvement assessments ranging from \$130,207 to \$183,681 or from \$37.24 to \$48.72 per square foot of living area. The subject has an improvement assessment of \$216,412 or \$45.85 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
