

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elliott Robbins
DOCKET NO.: 17-03049.001-R-1
PARCEL NO.: 11-16-304-028

The parties of record before the Property Tax Appeal Board are Elliott Robbins, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$89,512
IMPR.: \$118,331
TOTAL: \$207,843

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,522 square feet of living area. The dwelling was constructed in 1925. Features of the home include an unfinished basement, central air conditioning and a 390 square foot detached garage. The property has a 7,500 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.36 of a mile from the subject property. The comparables range from 7,750 to 18,350 square feet of land area and are improved with 1.75 or 2-story dwellings of brick or wood siding exterior construction that range from 2,436 to 2,637 square feet of living area. The homes were built from 1920 to 1949. The comparables have unfinished basements; one with central air conditioning; two each with a

fireplace and garages that range from 264 to 488 square feet of building area. The comparables sold from March 2016 to March 2017 for prices ranging from \$350,000 to \$587,500 or from \$141.93 to \$222.79 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$162,596.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$207,843. The subject's assessment reflects a market value of \$626,977 or \$248.60 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.13 of a mile from the subject property where comparables #3 and #4 were the same properties as appellant's comparables #1 and #2 respectively. The comparables range from 5,937 to 11,735 square feet of land area and are improved with 1.75 or 2-story dwellings of brick or wood siding exterior construction that range from 1,875 to 2,637 square feet of living area. The homes were built from 1926 to 1949. The comparables have unfinished basements; three with central air conditioning; one or two fireplaces and garages that range from 204 to 488 square feet of building area. The comparables sold from June 2016 to June 2017 for prices that range from \$525,000 to \$587,500 or from \$215.52 to \$306.67 per square foot of living area, land included.

The board of review also noted that the subject property had an addition and kitchen/bathroom remodel completed in 2011. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five comparables submitted by the parties to support their respective positions with two comparables being common to both parties. The Board gives least weight to the appellant comparables #1 and #3 which have no central air conditioning. The Board finds the best evidence of market value to be appellant's comparable sale #2/board of review comparable #4 and board of review comparable sales #1 and #2. These comparables are more similar to the subject in terms of location, site size and features. These most similar comparables sold for \$575,000 or \$587,500 or from \$222.79 to \$306.67 per square foot of living area, including land. The subject's assessment reflects a market value of \$626,977 or \$248.60 per square foot of living area, including land, which falls within the range on a per-square-foot basis established by the best comparable sales in this record. After considering adjustments to comparables for differences with the subject property, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
