

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Martin Zaragoza
DOCKET NO.: 17-03090.001-R-1
PARCEL NO.: 08-28-321-021

The parties of record before the Property Tax Appeal Board are Martin Zaragoza, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,638
IMPR.: \$15,075
TOTAL: \$19,713

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of aluminum siding exterior construction with 1,932 square feet of living area. The dwelling was constructed in 1920. Features of the home include a full unfinished basement and a 420 square foot garage. The property has a 10,987 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on six comparable sales located between .16 of a mile and 1.13 miles from the subject property, five of which are located in the same neighborhood code as the subject as assigned by the township assessor. The comparables have sites ranging in size from 4,297 to 11,397 square feet of land area. The comparables were improved with 1.5-story or two-story dwellings of brick, asbestos or wood siding exterior construction ranging in size from 1,806 to 2,117 square feet of living area. The dwellings were built from 1901 to 1928. Each comparable features a basement with one having finished area and two comparables each have a

garage containing either 462 or 506 square feet of building area. The comparables sold from March 2016 to April 2017 for prices ranging from \$13,500 to \$36,000 or from \$6.53 to \$19.38 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,713. The subject's assessment reflects a market value of \$59,466 or \$30.78 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on eight comparable sales located in the same neighborhood code as the subject property as assigned by the township assessor and within .636 of a mile of the subject. The comparables have sites ranging in size from 4,652 to 10,783 square feet of land area. The comparables were improved with 1.5-story or two-story dwellings of asbestos, aluminum or wood siding exterior construction ranging in size from 1,664 to 2,200 square feet of living area. The dwellings were built from 1920 to 1930. Each comparable features an unfinished basement and four comparables each have a garage ranging in size from 270 to 720 square feet of building area. The comparables sold from July 2016 to September 2018 for prices ranging from \$50,000 to \$100,001 or from \$30.05 to \$49.46 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 14 comparable sales for the Board's consideration. The Board gave less weight to comparables #2, #3 and #5 that were submitted by the appellant because of their poor dwelling condition when compared to the subject's average dwelling condition or they are located outside of the subject's neighborhood code. The Board finds board of review comparables #3, #4, #5 and #8 sold from March to September 2018 which occurred less proximate in time to the assessment date at issue and less likely to be indicative of the subject's market value as of the January 1, 2017 assessment date.

The Board finds the best evidence of market value to be the appellant's comparable sales #1, #4 and #6, along with board of review comparable sales #1, #2, #6 and #7. These comparables sold proximate in time to the assessment date at issue and were similar to the subject in location, dwelling size, design, age and features. These seven comparables sold from March 2016 to October 2017 for prices ranging from \$35,000 to \$77,000 or from \$16.53 to \$43.63 per square foot of living area, including land. The subject's assessment reflects a market value of \$59,466 or \$30.78 per square foot of living area, including land, which falls within the range established

by the most similar comparable sales in this record. After considering adjustments to the comparable sales for differences, such as land area and dwelling size, when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
