

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Schneider
DOCKET NO.: 17-03103.001-R-1
PARCEL NO.: 15-19-406-003

The parties of record before the Property Tax Appeal Board are David Schneider, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,517
IMPR.: \$173,124
TOTAL: \$226,641

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,926 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 650 square foot garage. The property has a 51,644 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.30 of a mile from the subject property. The comparables range from 45,217 to 76,583 square feet of land area and are improved with two-story dwellings of brick, wood siding and Dryvit exterior construction that range from 3,800 to 4,558 square feet of living area. The homes were built in 1989 or 1996. The comparables have finished basements, central air conditioning, one or two fireplaces and

attached garages that range from 603 to 945 square feet in building area. One comparable has an inground swimming pool. The comparables sold from June 2016 to February 2017 for prices that range from \$528,000 to \$740,000 or from \$115.84 to \$168.53 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$195,567.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$226,641. The subject's assessment reflects a market value of \$683,683 or \$174.14 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.95 of a mile from the subject. The comparables range from 43,700 to 60,503 square feet of land area and are improved with two-story dwellings with brick or wood siding exterior construction that range from 3,794 to 3,979 square feet of living area. The homes were built from 1986 to 1990. The comparables have basements with finished area, central air conditioning, one or two fireplaces and attached garages that range from 720 to 888 square feet of building area. One comparable has an indoor, inground swimming pool. The comparables sold from March 2017 to April 2018 for prices that range from \$605,000 to \$830,000 or from \$156.98 to \$208.60 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and board of review comparable #5 due to presence of inground swimming pool which the subject lacks. The Board finds the best evidence of market value to be the appellant's comparable sales #2 and #3 and board of review comparable sales #1 through #4 which are most similar in location, dwelling size, design, age and features. These most similar comparables sold for prices ranging from \$605,000 to \$740,000 or from \$156.98 to \$195.04 per square foot of living area, including land. The subject's assessment reflects a market value of \$683,683 or \$174.14 per square foot of living area, including land, which fall within the ranges established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
