

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andres Tapia  
DOCKET NO.: 17-03124.001-R-1  
PARCEL NO.: 16-25-105-035

The parties of record before the Property Tax Appeal Board are Andres Tapia, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$111,307  
**IMPR.:** \$145,625  
**TOTAL:** \$256,932

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2.5-story dwelling of wood siding exterior construction with 3,052 square feet of living area. The dwelling was constructed in 1935 and has an effective age of 1942. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 264 square foot detached garage. The property has a 12,780 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within .26 of a mile from the subject. The comparables are described as one, 2.5-story and two, 2-story dwellings of wood siding or brick exterior construction ranging in size from 3,016 to 3,188 square feet of living area. The dwellings were built from 1895 to 1951. Comparables #1 and #2 have effective ages of 1956 and 1913, respectively. The comparables

each have a basement with one having finished area, central air conditioning, two fireplaces and a garage with either 440 or 650 square feet of building area. The comparables have improvement assessments ranging from \$100,281 to \$127,764 or from \$33.25 to \$40.08 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$256,932. The subject property has an improvement assessment of \$145,625 or \$47.71 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within .612 of a mile from the subject. The comparables consist of one, 2.5-story and three, 2-story dwellings of brick or stucco exterior construction ranging in size from 2,710 to 3,242 square feet of living area. The dwellings were constructed from 1924 to 1949 and have effective ages from 1929 to 1957. Each comparable has basement with two having finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 380 to 748 square feet of building area. The comparables have improvement assessments ranging from \$131,747 to \$159,744 or from \$41.30 to \$49.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with board of review comparable #3 due to their dissimilar ages when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4 as they are more similar to the subject in location, dwelling size, design, age and features except for two comparables have superior finished basement area and each comparable has a larger garage which require downward adjustments to make them more equivalent to the subject. The comparables have improvement assessments ranging from \$135,225 to \$159,744 or from \$49.08 to \$49.90 per square foot of living area. The subject has an improvement assessment of \$145,625 or \$47.71 per square foot of living area, which falls below the range established by the best comparables in the record on a price per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board

finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
