

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ashish Shah
DOCKET NO.: 17-03337.001-R-1
PARCEL NO.: 14-21-418-008

The parties of record before the Property Tax Appeal Board are Ashish Shah, the appellant, by attorney Sreeram Natarajan, of Natarajan Worstell LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 29,553
IMPR.: \$131,396
TOTAL: \$160,949

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction that has 2,492 square feet of living area. The dwelling was constructed in 1992. Features include an unfinished basement, central air conditioning, a fireplace and a 462 square foot garage. The subject property is located in Ela Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not challenged. In support of the inequity claim, the appellant submitted a grid analysis of three assessment comparables located within .8 of a mile from the subject. The comparables consists of two-story dwellings of wood siding exterior construction that are from 25 to 29 years old. The comparables have unfinished basements, central air conditioning, one or two fireplaces and garages that have 440 or 441 square feet of building area. The dwellings have 2,788 or 3,048 square feet of living area. The comparables have improvement assessments

ranging from \$102,743 to \$127,647 or from \$36.85 to \$41.88 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$160,949. The subject property has an improvement assessment of \$131,396 or \$52.73 per square foot of living area.

With respect to the appellant's evidence, the board of review argued the comparables are 11.9% or 22.3% larger in dwelling size than the subject.

In support of the subject's assessment, the board of review submitted three assessment comparables located within .321 of a mile from the subject. The comparables consists of two-story dwellings of wood siding exterior construction that were built in 1991 or 1993. The comparables have unfinished basements, central air conditioning, one or two fireplaces and each comparable has a garage with 462 square feet of building area. Each dwelling contains 2,492 square feet of living area. The comparables have improvement assessments ranging from \$129,586 to \$134,243 or from \$52.00 to \$53.87 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof.

The record contains six assessment comparables for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant because they are less similar in dwelling size to the subject than the comparables submitted by the board of review. The Board finds the comparables submitted by the board of review are more similar and nearly identical when compared to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$129,586 to \$134,243 or from \$52.00 to \$53.87 per square foot of living area. The subject property has an improvement assessment of \$131,396 or \$52.73 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's improvement assessment is warranted.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the

General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
