

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Brown
DOCKET NO.: 17-03503.001-R-1
PARCEL NO.: 08-17-404-002

The parties of record before the Property Tax Appeal Board are David Brown, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,281
IMPR.: \$13,265
TOTAL: \$18,546

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction that has 864 square feet of living area. The dwelling was built in 1955. The home features central air conditioning and a 308 square foot garage. The subject property has a 6,255 square foot site. The subject property is located in Waukegan Township, Lake County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted three comparable sales located within .22 of a mile from the subject. The comparables consist of one-story dwellings of wood siding exterior construction that were built in 1940 or 1947. The comparables have unfinished basements and two comparable have a garage that contain 240 and 288 square feet of building area. The dwellings range in size from 908 to 948 square feet of living area and are situated on sites that range in size from 5,223 to 6,400 square feet of land area. The comparables sold from August 2014 to January 2016 for prices ranging from \$20,000 to \$35,000

or from \$21.10 to \$38.38 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$18,546. The subject's assessment reflects an estimated market value of \$55,946 or \$64.75 per square foot of living area including land when applying the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted eight comparable sales located within .385 of a mile from the subject. The comparables consist of one-story dwellings of aluminum or wood siding exterior construction that were built from 1952 to 1958. Five comparables have unfinished basements and three comparables do not have a basement. Three comparables have central air conditioning and six comparables have a garage that range in size from 352 to 528 square feet of building area. The dwellings range in size from 768 to 884 square feet of living area and are situated on sites that contain from 6,144 to 8,245 square feet of land area. The comparables sold from February 2016 to September 2018 for prices ranging from \$67,000 to \$96,000 or from \$77.55 to \$118.49 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant failed to meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted 11 comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. Comparables #2 and #3 sold in 2014 and 2015, which are dated and less indicative of market value as of the subject's January 1, 2017 assessment date. The Board further finds comparable #1 is an outlier due to its considerably lower sale price in relation to the remaining similar comparable sales contained in the record. The Board gave less weight to board of review comparables #6 and #8 due to their 2018 sale dates that occurred well after the subject's assessment date to be considered reflective of market value. The Board finds the remaining six comparables submitted by the board of review are more similar when compared to the subject in location, land area, design, age, dwelling size and most features, but five of these comparables have superior unfinished basements. These comparables sold from February 2016 to January 2017 for prices ranging from \$67,000 to \$96,000 or from \$77.55 to \$111.77 per square foot of living area including land. The Board further finds board of review comparable #1 is most similar to the subject because it does not have a basement like the subject. It sold in February 2016 for \$70,000 or \$81.02 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$55,946 or \$64.75 per square foot of living area including land, which falls below the range established by the most similar comparable sales contained in the record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's

estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
