

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sherry Siegal
DOCKET NO.: 17-03519.001-R-1
PARCEL NO.: 15-28-107-004

The parties of record before the Property Tax Appeal Board are Sherry Siegal, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,510
IMPR.: \$111,030
TOTAL: \$137,540

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,096 square feet of living area. The dwelling was constructed in 1987. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 440 square foot garage. The property has a 10,143 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.33 of a mile from the subject property. The comparables have sites that range in size from 8,750 to 12,419 square feet of land area that are improved with two-story dwellings of wood siding exterior construction that have 2,096 or 2,279 square feet of living area. The homes were built from 1986 to 1989. Each comparable has a finished basement, central air conditioning, one or two fireplaces and attached

garage with 440 square feet of building area. The comparables sold from March 2015 to March 2017 for prices ranging from \$330,000 to \$410,000 or from \$157.44 to \$179.90 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$118,927.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,540. The subject's assessment reflects a market value of \$414,902 or \$197.95 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on eight comparable sales located within approximately 0.23 of a mile from the subject property. The comparables have sites that range in size from 8,756 to 13,155 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range from 2,050 to 2,279 square feet of living area. The homes were built in 1986 or 1987. Each comparable has a basement, six with finished area; central air conditioning; one fireplace and attached garage with 400 or 440 square feet of building area. The comparables sold from April 2016 to July 2017 for prices ranging from \$415,000 to \$475,000 or from \$201.07 to \$230.14 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven comparables for the Board's consideration. The comparables have a high degree of similarity to the subject in terms of location, age and dwelling size. The Board gives least weight to the appellant's comparables #1 and #3 due to sale dates in 2015 which are considered less indicative of the fair market value as of the subject's January 1, 2017 assessment date. The Board finds the best evidence of market value to be the appellant's comparable #2 and board of review comparables #1 through #8. These most similar comparables sold for prices ranging from \$395,000 to \$476,000 or from \$173.32 to \$230.14 per square foot of living area, including land. The subject's assessment reflects a market value of \$414,902 or \$197.95 per square foot of living area, including land, which fall within the range established by the best comparable sales in this record. After considering adjustments to comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
