

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Raymond Gust  
DOCKET NO.: 17-03522.001-R-1  
PARCEL NO.: 14-33-203-008

The parties of record before the Property Tax Appeal Board are Raymond Gust, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$41,670  
**IMPR.:** \$133,528  
**TOTAL:** \$175,198

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,230 square feet of living area. The dwelling was constructed in 1977. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 725 square foot attached garage. The property has a 39,058 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 1.95 miles of the subject property. The comparables have sites that range in size from 29,603 to 32,393 square feet of land area that are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,102 to 3,201 square feet of living area. The homes were built from 1976 to 1987. Each comparable has an unfinished basement, central air conditioning,

one fireplace and attached garage that range from 506 to 726 square feet of building area. One comparable features an inground swimming pool. The comparables sold from October 2015 to March 2017 for prices ranging from \$318,000 to \$440,000 or from \$102.51 to \$138.98 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$134,877.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$175,198. The subject's assessment reflects a market value of \$528,501 or \$163.62 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 1.20 miles from the subject property. The comparables have parcels that range in size from 39,550 to 46,830 square feet of land area that are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,273 to 3,564 square feet of living area. The homes were built in 1986 or 1987. Each comparable has a basement, two with finished area<sup>1</sup>; central air conditioning, one to three fireplaces and attached garage that range from 693 to 878 square feet of building area. The comparables sold from December 2016 to June 2018 for prices ranging from \$585,000 to \$610,000 or from \$168.35 to \$179.80 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's review. The Board give least weight to the appellant's comparable #1 and board of review comparables #4 and #5 for location beyond one mile from the subject property. The Board finds the best evidence of market value to be appellant's comparables #2 and #3 and board of review comparables #1, #2 and #3 which are more similar in location, site size, dwelling size and features. These most similar comparables sold from May 2016 to June 2018 for prices ranging from \$430,000 to \$600,000 or from \$134.33 to \$179.80 per square foot of living area, including land. The subject's assessment reflects a market value of \$528,501 or \$163.62 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.
