

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amy Simon
DOCKET NO.: 17-03547.001-R-1
PARCEL NO.: 16-29-209-013

The parties of record before the Property Tax Appeal Board are Amy Simon, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,076
IMPR.: \$280,284
TOTAL: \$323,360

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,696 square feet of living area. The dwelling was constructed in 2004. Features of the home include an unfinished full basement, central air conditioning, a fireplace and a 462 square foot attached garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.57 of a mile from the subject property. The comparable parcels are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,424 to 3,803 square feet of living area. The homes were built in 2001 or 2005. Each comparable has a basement, one with finished area; central air conditioning; one fireplace and attached garage that range in size from 528 to 681 square feet of building area. The comparables sold from November 2015 to February

2016 for prices ranging from \$631,500 to \$740,000 or from \$177.64 to \$216.12 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$238,051.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$323,360. The subject's assessment reflects a market value of \$975,445 or \$263.92 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales located within 0.43 of a mile from the subject property. The comparable parcels are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,244 to 3,800 square feet of living area. The homes were built from 2001 to 2007. Each comparable has a basement, three with finished area; central air conditioning; one fireplace and a garage ranging in size from 440 to 691 square feet of building area. The comparables sold from January 2016 to June 2018 for prices that range from \$907,000 to \$1,229,500 or from \$253.68 to \$335.47 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration with five of the nine having sale dates in 2015 or 2018. The Board gives least weight to the appellant's comparable #3 and board of review comparables #4 through #6 due to presence of finished basement which the subject lacks. The Board also gives little weight to the appellant's comparable #1 which appears to be an outlier with respect to sale price. The Board finds the best evidence of market value to be appellant's comparable #2 along with board of review comparables #1, #2 and #3 which are more similar to the subject in terms of age, dwelling size and unfinished basement feature. These most similar comparables sold from November 2015 to June 2018 for prices ranging from \$707,000 to \$974,500 or from \$185.91 to \$279.59 per square foot of living area, including land. The subject's assessment reflects a market value of \$975,445 or \$263.92 per square foot of living area, including land, which is above the overall market value range and within the range of price per square foot established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds that the preponderance of evidence supports the subject's assessment and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
