

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Dorsey  
DOCKET NO.: 17-03560.001-R-1  
PARCEL NO.: 11-32-103-003

The parties of record before the Property Tax Appeal Board are Sean Dorsey, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$57,319  
**IMPR.:** \$122,646  
**TOTAL:** \$179,965

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,016 square feet of living area. The dwelling was constructed in 2001. Features of the home include an unfinished full basement, central air conditioning, a fireplace and a 604 square foot attached garage. The property has a 10,195 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.91 of a mile from the subject property. The comparable parcels have sites that range from 10,033 to 14,382 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction ranging from 2,986 to 3,087 square feet of living area. The homes were built from 1998 to 2002. Each comparable has an unfinished full basement, central air conditioning, one

fireplace and an attached garage that range from 420 to 720 square foot of building area. The comparables sold from January to August 2016 for prices ranging from \$460,000 to \$516,500 or from \$149.01 to \$169.96 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$160,759.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,920. The subject's assessment reflects a market value of \$615,143 or \$203.96 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 1.17 miles from the subject property. The comparable parcels range from 11,085 to 19,131 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,830 to 3,240 square foot of living area. The homes were built from 2000 to 2003. Each comparable has an unfinished basement, central air conditioning and garage with 582 to 688 square feet of building area. Three of the comparables have one or three fireplaces and one comparable has an inground swimming pool disclosed in the property record card submitted by the board of review. The comparables sold from October 2016 to May 2017 for prices that range from \$535,000 to \$650,000 or from \$189.05 to \$215.52 per square foot of living area, land included.

The board of review also submitted an aerial map displaying the location of the subject and board of review comparables which provides their locations relative to the subdivision ponds and golf course features. A plat map was provided for the appellant's comparable #1 that noted the property backs up to a 4-lane thoroughfare considered to have "a negative traffic influence". The board of review also provided property record cards for the subject and board of review comparables. Based on this evidence, the board requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives little weight to the appellant's comparable #1 along with board of review comparables #1 and #2 for negative traffic location, larger site size or presence of inground swimming pool which are considered dissimilar to the subject's features. The Board finds the best evidence of market value to be appellant's comparables #2 and #3 and board of review comparables #3 and #4 which are more similar in terms of site size, age, dwelling size and most features. These most similar comparables sold from January 2016 to May 2017 for prices ranging from \$480,000 to \$616,000 or from \$160.75 to \$190.12 per square foot of living area, including land. The subject's

assessment reflects a market value of \$615,143 or \$203.96 per square foot of living area, including land, which is within the range of overall market value and above the range of price per square foot established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
