

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Conrad
DOCKET NO.: 17-03577.001-R-1
PARCEL NO.: 14-15-215-063

The parties of record before the Property Tax Appeal Board are John Conrad, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$62,795
IMPR.: \$193,158
TOTAL: \$255,953

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,898 square feet of living area. The dwelling was constructed in 2014. Features of the home include an English style basement, central air conditioning, a fireplace and a 946 square foot garage. The property has a 19,981 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood as the subject property. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 3,920 to 4,109 square feet of living area. The dwellings were constructed in either 2013 or 2014. The comparables each feature a basement, central air conditioning and a garage ranging in size from

676 to 818 square feet of building area. The comparables have improvement assessments ranging from \$170,447 to \$182,111 or from \$43.16 to \$45.28 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$255,953. The subject property has an improvement assessment of \$193,158 or \$49.55 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on six equity comparables located in the same neighborhood as the subject property. The comparables consist of two-story dwellings of wood siding exterior construction each containing 3,898 square feet of living area. The comparables were built in either 2013 or 2014. The comparables each feature a basement with two having English style designs, central air conditioning and a garage containing 676 or 946 square feet of building area. In addition, three comparables each have one fireplace. The comparables have improvement assessments ranging from \$191,890 to \$194,345 or from \$49.23 to \$49.86 per square foot of living area. The board of review provided property record cards of the subject and its comparables. Based on this evidence, the board of review requested that the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board finds all of these comparables are similar if not identical to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments ranging from \$43.16 to \$49.86 per square foot of living area. The subject property has an improvement assessment of \$49.55 per square foot of living area, which falls within the range established by the comparables in the record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment based on inequity is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
