

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Xin Qianfan  
DOCKET NO.: 17-03580.001-R-1  
PARCEL NO.: 14-21-417-008

The parties of record before the Property Tax Appeal Board are Xin Qianfan, the appellant, by attorney Sreeram Natarajan, of Natarajan Worstell LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$28,701  
**IMPR.:** \$128,131  
**TOTAL:** \$156,832

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,492 square feet of living area. The dwelling was constructed in 1991. Features of the home include a full basement, central air conditioning, a fireplace and a 500 square foot garage. The property has a 10,256 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood as the subject property. The comparables consist of two-story dwellings of wood siding exterior construction containing either 2,788 or 3,048 square feet of living area. The dwellings were constructed from 1989 to 1993. The comparables each feature a full or partial basement, central air conditioning, one fireplace and a garage containing 440 or 441 square feet of building area. The comparables have improvement

assessments ranging from \$102,743 to \$122,490 or from \$36.85 to \$43.93 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$156,832. The subject property has an improvement assessment of \$128,131 or \$51.42 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables located in the same neighborhood as the subject property. The comparables consist of two-story dwellings of wood siding exterior construction containing either 2,412 or 2,492 square feet of living area. The comparables were built from 1991 to 1993. The comparables each feature a basement with two having a walk-out design, central air conditioning and a garage ranging in size from 400 to 500 square feet of building area. In addition, seven comparables each have one fireplace. The comparables have improvement assessments ranging from \$127,437 to \$133,588 or from \$51.14 to \$53.61 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be sustained.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject.

The Board finds the eight comparables submitted by the board of review are most similar if not identical to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments ranging from \$51.14 to \$53.61 per square foot of living area. The subject property has an improvement assessment of \$51.42 per square foot of living area, which falls within the range established by the most similar comparables in the record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment based on inequity is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
