

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Szabla
DOCKET NO.: 17-03581.001-R-1
PARCEL NO.: 14-18-319-003

The parties of record before the Property Tax Appeal Board are Andrew Szabla, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,859
IMPR.: \$137,827
TOTAL: \$166,686

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick exterior construction with 3,252 square feet of living area. The dwelling was built in 2008. Features of the home include an unfinished basement, central air conditioning, one fireplace and an attached garage with 624 square feet of building area. The property has an 11,050 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with two-story dwellings with wood siding or brick exteriors that range in size from 2,927 to 3,524 square feet of living area. The dwellings were built in 2001 and 2005. Each home has an unfinished basement, central air conditioning, one or two fireplaces and an attached garage ranging in size from 441 to 925 square feet of building area. The comparables

are located within .32 of a mile from the subject property. These properties have improvement assessments ranging from \$104,510 to \$124,360 or from \$34.53 to \$36.32 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$115,055.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,686. The subject property has an improvement assessment of \$137,827 or \$42.38 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on eight equity comparables improved with two-story dwellings with wood siding or brick exteriors that range in size from 2,986 to 3,503 square feet of living area. The homes were built from 2004 to 2012. Each comparable has an unfinished basement, central air conditioning, and an attached garage ranging in size from 528 to 880 square feet of building area. Six comparables have one fireplace each and one comparable has three fireplaces. The comparables are located within .567 miles of the subject property. The comparables have improvement assessments ranging from \$133,912 to \$158,910 or from \$41.44 to \$45.77 per square foot of living area. The board of review requested the assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eleven comparables submitted by the parties to support their respective positions. These comparables are relatively similar to the subject dwelling in location, style, size, age, and features. These properties have improvement assessments ranging from \$104,510 to \$158,190 or from \$34.53 to \$45.77 per square foot of living area. Board of review comparables #3, #4, #5 and #6 are most similar to the subject dwelling in size being within approximately 10 to 42 square feet of living area or within approximately 1% the size of the subject dwelling. These four comparables have improvement assessments ranging from \$41.44 to \$44.31 per square foot of living area. The subject's improvement assessment of \$137,827 or \$42.38 per square foot of living area falls within the range established by the comparables in this record and is well supported by the four comparables most similar to the subject dwelling in size. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
