

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dean & Liza Parke
DOCKET NO.: 17-03583.001-R-1
PARCEL NO.: 14-27-110-019

The parties of record before the Property Tax Appeal Board are Dean and Liza Parke, the appellants, by attorney Sreeram Natarajan of Natarajan Worstell LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,104
IMPR.: \$126,241
TOTAL: \$155,345

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling with a wood siding exterior containing 2,437 square feet of living area. The dwelling was built in 1993. Features of the home include an unfinished basement, central air conditioning, one fireplace and an attached two-car garage with 420 square feet of building area. The property has a 10,669 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables improved with two-story dwellings with wood siding exteriors that had 2,788 or 3,048 square feet of living area. The dwellings were built from 1989 to 1993. Each home has an unfinished basement, central air conditioning, one or two fireplaces and an attached two-car garage with 440 or 441 square feet of building area. The comparables are located from .1 to .5

miles from the subject property. These properties have improvement assessments ranging from \$102,743 to \$127,647 or from \$36.85 to \$41.88 per square foot of living area. The appellants requested the subject's improvement assessment be reduced to \$95,176.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$155,345. The subject property has an improvement assessment of \$126,241 or \$51.80 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables improved with two-story dwellings with wood siding exteriors each with 2,437 square feet of living area. The homes were built in 1992 and 1993. Each comparable has an unfinished basement, central air conditioning, one fireplace and an attached garage with 420 square feet of building area. The comparables are located from .055 to .232 of a mile from the subject property. The comparables have improvement assessments ranging from \$126,070 to \$133,706 or from \$51.73 to \$54.86 per square foot of living area.

In rebuttal the board of review asserted the appellant's comparables are from 14.4% to 25.1% larger than the subject dwelling.

The board of review requested the assessment be sustained.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review as these comparables are practically identical to the subject dwelling in age, style, size and features. These properties have improvement assessments ranging from \$126,070 to \$133,706 or from \$51.73 to \$54.86 per square foot of living area. The subject's improvement assessment of \$126,241 or \$51.80 per square foot of living area falls within the range established by the best comparables in this record on a square foot basis. Less weight is given the comparables provided by the appellants as they are less similar to the subject dwelling than are the board of review comparables.

Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
