

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Husemoller
DOCKET NO.: 17-03738.001-R-1
PARCEL NO.: 13-02-107-010

The parties of record before the Property Tax Appeal Board are Robert Husemoller, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,095
IMPR.: \$118,200
TOTAL: \$153,295

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling with a wood siding exterior containing 2,595 square feet of living area. The dwelling was constructed in 1978. Features of the home include a full basement that is partially finished, central air conditioning, two fireplaces and an attached garage with 600 square feet of building area. The property has a 40,865 square foot site and is located in Tower Lakes, Cuba Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with one-story dwellings with wood siding exteriors that range in size from 2,002 to 2,418 square feet of living area. The dwellings were built from 1973 to 1976. Each home has a partial basement that is partially finished, one comparable has central air conditioning, each property has one or two fireplaces and each comparable has an attached

garage ranging in size from 440 to 624 square feet of building area. These properties have improvement assessments ranging from \$78,830 to \$94,061 or from \$36.81 to \$39.82 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$100,348.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$153,295. The subject property has an improvement assessment of \$118,200 or \$45.55 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables improved with one-story dwellings with wood siding or brick exteriors that range in size from 2,340 to 2,912 square feet of living area. The homes were built from 1964 to 1977. Each comparable has a full or partial basement that is partially finished, central air conditioning, two or three fireplaces and an attached garage ranging in size from 424 to 613 square feet of building area. The comparables have improvement assessments ranging from \$107,290 to \$125,439 or from \$43.08 to \$47.85 per square foot of living area. The board of review requested the assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review as these properties are more similar to the subject dwelling in size, basement area and features than the comparables provided by the appellant. The board of review comparables have improvement assessments ranging from \$107,290 to \$125,439 or from \$43.08 to \$47.85 per square foot of living area. The subject's improvement assessment of \$118,200 or \$45.55 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
