

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Xiaoyi Ding  
DOCKET NO.: 17-03814.001-R-1  
PARCEL NO.: 14-22-302-027

The parties of record before the Property Tax Appeal Board are Xiaoyi Ding, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$28,541  
**IMPR.:** \$133,445  
**TOTAL:** \$161,986

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,683 square feet of living area. The dwelling was constructed in 1991. Features of the home include an unfinished full basement, central air conditioning, a fireplace and a 420 square foot attached garage. The property has a 10,092 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same neighborhood code assigned by the township assessor as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 2,437 to 3,048 square feet of living area. The homes were built in 1989 or 1992. Each comparable has an unfinished basement, central air conditioning,

one fireplace and a garage ranging from 420 to 441 square feet of building area. The comparables have improvement assessments that range from \$98,443 to \$117,145 or from \$36.85 to \$40.40 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$103,456 or \$38.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,986. The subject property has an improvement assessment of \$133,445 or \$49.74 per square foot of living area. In support of its contention of the correct assessment the board of review submitted a grid analysis and property record cards on the subject, eight equity comparables and four market value comparables. Since the basis of this appeal is inequity, the Board will not analyze the board of review market value comparables.

The eight equity comparables are located in the same neighborhood code assigned by the township assessor as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction that each have 2,683 square feet of living area. The homes were built in 1991. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage with 420 square feet of building area. The comparables have improvement assessments that range from \$131,899 to \$137,449 or from \$49.16 to \$51.23 per square foot of living area. Based on this evidence, the board of review requested the subject's improvement assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven comparables for the Board's consideration. The Board gave less weight to appellant comparables for dissimilar dwelling size when compared to other comparables in the record. The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, age, design, size and most features. These comparables had improvement assessments that ranged from \$131,889 to \$137,449 or from \$49.16 to \$51.23 per square foot of living area. The subject's improvement assessment of \$133,445 or \$49.74 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
