

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rachel Thompson
DOCKET NO.: 17-03820.001-R-1
PARCEL NO.: 14-33-401-002

The parties of record before the Property Tax Appeal Board are Rachel Thompson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,063
IMPR.: \$132,267
TOTAL: \$172,330

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,724 square feet of living area. The dwelling was constructed in 1985. Features of the home include an unfinished full basement, central air conditioning, three fireplaces and a 720 square foot attached garage. The property has a 37,551 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 1.91 miles from the subject property. The comparables have sites that range in size from 45,624 to 49,544 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 2,618 to 2,820 square feet of living area. The homes were built from 1978 to 1986. Each comparable has an unfinished basement, central air conditioning,

one fireplace and an attached garage that range in size from 552 to 650 square feet of building area. The comparables sold from June 2016 to April 2017 for prices ranging from \$380,000 to \$435,000 or from \$138.48 to \$166.16 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$138,354.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,330. The subject's assessment reflects a market value of \$519,849 or \$190.84 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within approximately 0.68 of a mile from the subject property. The comparables have sites that range in size from 41,350 to 53,234 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range from 2,518 to 2,860 square feet of living area. The homes were built from 1985 to 1989. Each comparable has a basement, three with finished area;¹ central air conditioning; one fireplace and a garage ranging in size from 564 to 792 square feet of building area. The comparables sold from January 2016 to May 2017 for prices ranging from \$522,500 to \$560,000 or from \$188.81 to \$222.40 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives least weight to the appellant's comparables #2 and #3 as they are located further than one mile from the subject. The Board also gives little weight to the board of review comparable #1 which has a larger site size relative to the subject. The Board finds the best evidence of market value to be appellant's comparable #1 along with board of review comparables #2, #3 and #4 which are more similar in location, age and site when compared to the subject. These most similar comparables sold from January 2016 to May 2017 for prices ranging from \$380,000 to \$560,000 or from \$138.48 to \$222.40 per square foot of living area, including land. The subject's assessment reflects a market value of \$519,849 or \$190.84 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a preponderance of the evidence does not support a reduction in the subject's assessment.

¹ Basement finished area was disclosed in property sketches submitted by the board of review.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
