

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anenen Family Trust
DOCKET NO.: 17-03844.001-R-1
PARCEL NO.: 14-07-101-003

The parties of record before the Property Tax Appeal Board are Anenen Family Trust, the appellant, by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,957
IMPR.: \$258,544
TOTAL: \$320,501

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 6,010 square feet of living area. The dwelling was constructed in 1989. Features of the home include a full basement with finished recreation area¹, central air conditioning, five fireplaces and a 1,086 square foot attached garage. The property has a 50,938 square foot site and is located in North Barrington, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable sales located within 0.95 of a mile from the subject property. The comparables have sites that range in size from 22,273 to 66,067 square

feet of land area and are improved with two-story dwellings of brick exterior construction that range in size from 5,513 to 7,015 square feet of living area. The homes were built from 1988 to 1994. Each comparable has a basement, three with finished area; central air conditioning; one to six fireplaces and a garage ranging in size from 782 to 1,259 square feet of building area. The comparables sold from February 2016 to May 2017 for prices ranging from \$515,000 to \$950,000 or from \$75.85 to \$149.65 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$255,885.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$320,501. The subject's assessment reflects a market value of \$966,821 or \$160.87 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within approximately 0.47 of a mile from the subject property. The comparables have sites that range in size from 32,670 to 43,589 square feet of land area and are improved with two story dwellings of brick or wood siding exterior construction that range in size from 5,213 to 7,020 square feet of living area. The homes were built from 1998 to 2005. Each comparable has a basement with finished area,² central air conditioning, two to six fireplaces and a garage ranging from 963 to 1,392 square feet of building area. Two of the comparables each have an inground swimming pool. The comparables sold from September 2015 to January 2017 for prices ranging from \$835,000 to \$1,486,000 or from \$160.18 to \$233.61 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant's counsel asserted the board of review comparable #1 was not comparable due to age and size; comparable #2 was not comparable due to 2015 sale date which is too remote in time to establish market value as of the January 1, 2017 assessment date and that comparable #3 was an acceptable comparable property.

The appellants' counsel provided a grid with its determination of best comparables and argued use of a median sale price per square foot as being a "fundamental concept" used in determining market value. The appellants' s counsel took issue with the Property Tax Appeal Board's use of ranges for sale price and price per square foot of comparables when ruling on assessment appeals.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or

construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, #4, #5 and #7 which appear to be outliers with respect to sale price relative to other comparable sales submitted or have significantly different dwelling size when compared to the subject. Additionally, the Board gives less weight to the appellant's comparable #2 which lacks finished basement area that is present in the subject property. The Board gives reduced weight to the board of review comparables #1 and #2 due to newer age, presence of inground swimming pool and/or sale date in 2015 which is dated and less indicative of the subject's market value as of the January 1, 2017 assessment date.

The Board finds the best evidence of market value to be appellant's comparables #6 and #8 along with board of review comparable #3 which are more similar in age, location, site size, dwelling size and most features when compared to the subject. These most similar comparables sold from March 2016 to January 2017 for wide ranging prices of \$825,000 to \$1,486,000 or from \$145.76 to \$233.61 per square foot of living area, including land. The subject's assessment reflects a market value of \$966,821 or \$160.87 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
