

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yi Shen
DOCKET NO.: 17-03852.001-R-1
PARCEL NO.: 15-21-306-001

The parties of record before the Property Tax Appeal Board are Yi Shen, the appellant, by attorney Jessica Hill-Magiera in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,215
IMPR.: \$217,043
TOTAL: \$261,258

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,576 square feet of living area. The dwelling was constructed in 2015. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 742 square foot attached garage. The property has an 13,355 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales located within 0.09 of a mile from the subject property. The comparables have sites that range in size from 10,742 to 12,197 square feet of land area and are improved with two-story dwellings that range in size from 3,231 to 4,098 square feet of living area. The homes were built in 2015 or 2016. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and an attached garage ranging in size from 652 to 798 square feet of building area. The comparables sold from March

to July 2016 for prices ranging from \$717,284 to \$860,064 or from \$208.69 to \$222.93 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$261,258.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$273,566. The subject's assessment reflects a market value of \$825,237 or \$230.77 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within approximately 0.10 of a mile from the subject property. Board of review comparable #3 is the same property as the appellant's comparable #1. The comparables have sites that range in size from 10,742 to 12,101 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that have 3,576 square feet of living area. The homes were built in 2015 or 2016. Each comparable has a basement, three with finished area, central air conditioning, one or two fireplaces and an attached garage with 742 square feet of building area. The comparables sold from February to October 2016 for prices ranging from \$786,059 to \$854,521 or from \$219.82 to \$238.93 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant's counsel asserted that the board of review comparables were acceptable and noted that comparable #3 was the same as appellant's comparable #1. The appellants' counsel provided a grid with their determination of best comparables and argued use of a median price per square foot as being a "fundamental concept" used in determining market value. The appellants' counsel took issue with the Property Tax Appeal Board's use of ranges for sale price and per square foot of comparables when ruling on assessment appeals.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted ten comparables for the Board's consideration where one comparable was common to both parties. The Board gives reduced weight to the appellant's comparables #4 through #7 for variations in dwelling size when compared to the subject and other comparables submitted. The Board also gives little weight to the board of review comparables #1, #2 and #4 which have finished basements compared to the subject's unfinished basement. The Board finds the best evidence of market value to be appellant's comparable #1/board of review comparable #3 along with appellant's comparables #2 and #3 which are more similar in location, age, design, dwelling size, unfinished basement and most features. These most similar comparables sold from March to July 2016 for prices ranging from \$751,532 to \$783,853 or from \$210.16 to

\$219.82 per square foot of living area, including land. The subject's assessment reflects a market value of \$825,237 or \$230.77 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
