

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mike Kuta
DOCKET NO.: 17-03888.001-R-1
PARCEL NO.: 14-31-404-014

The parties of record before the Property Tax Appeal Board are Mike Kuta, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$63,002
IMPR.: \$192,653
TOTAL: \$255,655

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,970 square feet of living area. The dwelling was constructed in 1968. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and a 765 square foot attached garage. The property has a 22,420 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.44 of a mile from the subject property. The comparables have sites that range in size from 20,270 to 29,670 square feet of land area and are improved with two-story dwellings of brick or wood exterior construction that range in size from 3,564 to 4,592 square feet of living area. The homes were built from 1967 to 1971. Each comparable has an unfinished basement, central air conditioning,

one fireplace and a garage ranging from 550 to 835 square feet of building area. The comparables sold from August 2015 to May 2017 for prices ranging from \$589,000 or \$750,000 or from \$161.15 to \$180.98 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$222,964.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$255,655. The subject's assessment reflects a market value of \$771,207 or \$194.26 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales located within approximately 0.67 of a mile from the subject property. The comparables have sites that range in size from 17,221 to 38,415 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,402 to 3,793 square feet of living area. The homes were built from 1967 to 1972. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 753 square feet of building area. The comparables sold from June 2016 to August 2018 for prices ranging from \$675,000 to \$800,000 or from \$195.43 to \$217.39 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 along with board of review comparables #4 and #6 due to sales dates in 2015 or 2018 which are not proximate in time to the subject's January 1, 2017 assessment date and therefore, less likely to be indicative of the subject's estimated market value. Additionally, board of review comparable #6 has significantly different dwelling and site sizes when compared to the subject. The Board also gives little weight to appellant's comparable #3 and board of review comparable #5 due to significantly different dwelling sizes when compared to the subject.

The Board finds the best evidence of market value to be appellant's comparable #2 and board of review comparables #1, #2 and #3 which are more similar in location, site size, dwelling size, age, design and most features when compared to the subject. These most similar comparables sold from June 2016 to July 2017 for prices ranging from \$645,000 to \$800,000 or from \$180.98 to \$215.98 per square foot of living area, including land. The Board further finds board of review comparable #3 to be most similar to the subject in location, site size, dwelling size and most features which sold for \$800,000 or \$215.98 per square foot of living area, land included.

The subject's assessment reflects a market value of \$771,207 or \$194.26 per square foot of living area, including land, which is within the range established by the best three comparable sales in this record and particularly well supported by board of review comparable #3. After considering adjustments to the comparables for differences with the subject, the Board finds a preponderance of the evidence does not support a reduction in the subject's assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
