

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Meyers  
DOCKET NO.: 17-03904.001-R-1  
PARCEL NO.: 15-16-313-017

The parties of record before the Property Tax Appeal Board are Gary Meyers, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$48,133  
**IMPR.:** \$148,792  
**TOTAL:** \$196,925

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,435 square feet of living area. The dwelling was constructed in 1991. Features of the home include an unfinished full basement, central air conditioning and a 672 square foot attached garage. The property has a 16,041 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.76 of a mile from the subject property. The comparable sites range in size from 11,029 to 16,178 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that each have 3,405 square feet of living area. The homes were built in 1988 or 1989. Each comparable has a basement with finished area, central air conditioning, one fireplace and a garage with 405

square feet of building area. The comparables sold from January to August 2016 for prices ranging from \$442,500 to \$520,000 or from \$129.96 to \$152.72 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$158,891.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$196,925. The subject's assessment reflects a market value of \$594,042 or \$172.94 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on eight comparable sales located within approximately 0.37 of a mile from the subject. The comparables have sites that range in size from 10,000 to 17,820 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,225 to 3,611 square feet of living area. The homes were built from 1991 to 1999. Each comparable has a basement, five with finished area, central air conditioning, one or two fireplaces and a garage ranging from 405 to 746 square feet of building area. Comparable #5 has an inground swimming pool. The comparables sold from June 2016 to July 2018 for prices ranging from \$600,000 to \$699,000 or from \$178.11 to \$216.74 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven comparables for the Board's consideration. The Board gives little weight to the appellant's comparables along with board of review comparables #3 through #6 and #8 as each have finished basement area that the subject lacks and comparable #5 includes an inground swimming pool. The Board finds the best evidence of market value to be board of review comparables #1, #2 and #7 which are more similar in location, age, site size, dwelling size, unfinished basement and most features. These most similar comparables sold from February to May 2018 for prices ranging from \$615,000 to \$660,000 or from \$178.11 to \$200.18 per square foot of living area, including land. The subject's assessment reflects a market value of \$594,042 or \$172.94 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
