

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrea Baldi
DOCKET NO.: 17-03920.001-R-1
PARCEL NO.: 16-09-209-008

The parties of record before the Property Tax Appeal Board are Andrea Baldi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$100,335
IMPR.: \$130,414
TOTAL: \$230,749

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior with 2,648 square feet of living area. The dwelling was constructed in 1962. Features of the home include a partial basement with 75 square feet of finished area; central air conditioning, a fireplace and a 420 square foot garage. The property is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located in the subject's neighborhood and within 0.53 mile of the subject property. The subject sites are improved with two-story dwellings ranging in size from 2,685 to 2,891 square feet of living area. All comparables have unfinished basements, two with central air conditioning, all with one or two fireplaces and attached garages ranging in size from 483 to 538 square feet of building area. The homes were

built between 1961 and 1965. The comparables sold from May 2016 to December 2016 for prices ranging from \$495,000 to \$555,000 or from \$172.95 and \$198.85 price per square foot living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$163,634.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$230,749. The subject's assessment reflects a market value of \$696,075 or \$262.87 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on eight comparable sales all located in the subject's neighborhood and within 0.33 mile of the subject property. The comparable sites are improved with two-story dwellings ranging in size from 2,580 to 2,979 square feet of living area. All comparables have basements, five with finished area ranging from 360 to 720 square feet in size. Seven of these comparables have central air conditioning, all have one or three fireplaces and attached garages ranging in size from 441 to 552 square feet of building area. The homes were built between 1947 and 1966. The comparables sold from August 2015 to June 2018 for prices ranging from \$660,000 to \$835,000 or from \$244.99 to \$300.47 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In addition to comparable sales data, the Board of review included two multiple listing sheets, associated with the appellant's comparable #1. The listing sheet for this comparable's September 2016 sale describes the property as having "lots of potential". A subsequent active listing sheet advertises the same property with significant updating.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 11 comparables for the Board's consideration. The comparables have varying degrees of similarity when compared to the subject in location, design, age, dwelling size and features. The Board gives minimal weight to the appellant's comparable #1 based on condition information provided in the listing sheet submitted by the board of review and the appellant's comparable #2 for no central air conditioning. The Board also gives minimum weight to the board of review comparables #1, #2 and #6 for 2015 or 2018 sale dates that are considered outside a reasonable timeframe for a January 1, 2017 market valuation. The Board finds the best evidence of market value to be appellant's comparable #3 and the board of review comparable sales #3, #4, #5, #7 and #8 which are considered like the subject in terms of age, dwelling size and overall features. These most similar comparables sold for prices ranging from \$555,000 to \$820,000 or from \$198.85 to \$287.11 per square foot of living area, including land.

The subject's assessment reflects a market value of \$696,075 or \$262.87 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
