

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: J.R. Scassellati
DOCKET NO.: 17-03930.001-R-1
PARCEL NO.: 16-10-105-017

The parties of record before the Property Tax Appeal Board are J.R. Scassellati, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$80,217
IMPR.: \$188,356
TOTAL: \$268,573

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior with 2,792 square feet of living area. The dwelling was constructed in 1986. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a 529 square foot attached garage. The property has a 19,584 square foot site and is located in Lake Forest, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales all located in the subject's neighborhood and within 0.20 mile of the subject property. The comparables have sites ranging in size from 20,187 to 24,920 square feet of land area and are improved with two-story dwellings that range in size from 2,862 to 3,197 square feet of living area. The homes were built in 1966 or 1969. All of the comparables have unfinished basements, central air conditioning, a fireplace

and attached garages ranging in size from 462 to 600 square feet of building area. The comparables sold in August 2016 or February 2017 for prices ranging from \$522,500 to \$656,013 or from \$182.56 to \$205.20 per square foot living area, land included. Based on this evidence, the appellant requested the subject assessment be reduced to \$177,053.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$268,573. The subject's assessment reflects a market value of \$810,175 or \$290.18 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales all located in the subject's neighborhood and within 0.80 mile from the subject. The comparables have sites ranging in size from 19,573 to 22,438 square feet of land area and are improved with 1.75 or two-story dwellings that range in size from 2,604 to 3,175 square feet of living area. The homes were built between 1957 and 1965. All comparables have basements, one with finished area; central air conditioning, one or three fireplaces and attached garages ranging in size from 483 to 504 square feet of building area. The comparables sold from January 2015 to July 2017 for prices ranging from \$750,000 to \$901,400 or from \$283.91 to \$297.62 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparables for the Board's consideration. The comparables have varying degrees of similarity to the subject property in terms of location, design, dwelling size and features. Each comparable submitted by the parties is older than the subject dwelling requiring an upward adjustment for inferior age. The Board gives minimal weight to all of the appellant's comparables and the board of review comparable #1 for unfinished basement feature. The Board finds the best evidence of market value to be the board of review comparable #2, through #4 which are most like the subject in terms of location, dwelling size, basement finish and features. These most similar comparable sold from January 2015 to July 2017 for prices ranging from \$775,000 to \$901,400 or from \$283.91 to \$297.62 per square foot of living area, including land. The subject's assessment reflects a market value of \$810,175 or \$290.18 per square foot of living area, including land, which is within the ranges established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
