

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Basofin
DOCKET NO.: 17-03939.001-R-1
PARCEL NO.: 16-07-201-026

The parties of record before the Property Tax Appeal Board are Michael Basofin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,333
IMPR.: \$194,178
TOTAL: \$220,511

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior with 2,850 square feet of living area. The dwelling was constructed in 1991. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a 462 square foot attached garage. The property has a 6,534 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales all located on the subject's street and within 0.10 mile of the subject property. The comparable sites have 5,616 or 6,534 square feet of land area and are improved with two-story dwellings that range in size from 2,853 to 3,796 square feet of living area. The homes were built in 1991. The comparables all have basements with finished area; central air conditioning, two fireplaces and attached garages with 462 square

feet of building area. The comparables sold in May or June 2017 for prices ranging from \$610,000 to \$637,500 or from \$160.70 to \$215.56 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$182,118.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$220,512. The subject's assessment reflects a market value of \$665,195 or \$233.40 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales all located in the subject's neighborhood and within 0.12 mile from the subject. The comparables have sites ranging in size from 4,779 to 5,663 square feet of land area and are improved with two-story dwellings ranging in size from 2,850 to 3,206 square feet of living area. The homes were built in 1991. All comparables have basements with finished area, central air conditioning, two fireplaces and attached garages with 462 square feet of building area. Comparables sold from September 2015 to June 2018 for prices ranging from \$635,000 to \$1,095,000 or from \$215.55 to \$341.55 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The comparables have a high degree of similarity with respect to location, age, design and features with some variation in site size, dwelling size and basement finished area. The Board gives minimal weight to the board of review comparables #4 and #5 due to 2015 or 2018 sale dates which occurred less proximate in time to the January 1, 2017 assessment date. Given the degree of similarity of comparables, the Board gives minimal weight to the appellant's comparables #2 and #3 and board of review comparable #3 for larger dwelling sizes relative to the subject. The Board finds the best evidence of market value to be appellant's comparable #1 and board of review comparables #1, #2 and #6 which are most like the subject in dwelling size. These most similar comparables sold for prices ranging from \$615,000 to \$715,000 or from \$215.55 to \$250.88 per square foot of living area, including land. The subject's assessment reflects a market value of \$665,195 or \$233.40 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
