

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Tomich  
DOCKET NO.: 17-03940.001-R-1  
PARCEL NO.: 16-30-205-024

The parties of record before the Property Tax Appeal Board are Robert Tomich, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$74,916  
**IMPR.:** \$88,802  
**TOTAL:** \$163,718

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior with 1874 square feet of living area. The dwelling was constructed in 1969. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 462 square foot attached garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales all located within one mile of the subject. The comparables are improved with one-story dwellings ranging in size from 1,736 to 2,126 square feet of living area. The homes were built between 1966 to 1977. All comparables have basements with finished area, central air conditioning, a fireplace and attached garages ranging in size from 338 to 529 square feet of building area. The comparables sold from February 2015 to March 2017 for prices ranging from \$317,000 to \$467,000 or from \$182.60 to

\$249.20 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$130,066.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$163,718. The subject's assessment reflects a market value of \$493,870 or \$263.54 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales all located within one mile of the subject. The comparable sites are improved with one-story dwellings ranging in size from 1,686 to 1,914 square feet of living area. The homes were built between 1956 and 1968. All comparables have basements, three with finished area; four have central air conditioning, all have a fireplace and attached garages that have 418 to 680 square feet of building area. The comparables sold from February 2015 to August 2017 for prices ranging from \$425,000 to \$510,000 or from \$249.20 to \$266.46 per square foot living area, land included. Base on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven unique comparables for the Board's consideration with the appellant comparable #3 and board of review comparable #1 being common to both parties. The comparables have varying degrees of similarity to the subject in terms of location, design, age, dwelling size and features. The Board gives minimal weight to the appellant's comparables #1 and #3 and board of review #1 and #5 for 2015 sale dates that are considered outside a reasonable timeframe for a January 1, 2017 market valuation. The Board finds the best evidence of market value to be appellant's comparable #2 and board of review comparables #2, #3 and #4 which are similar to the subject in dwelling size, design and location. These most similar comparables sold for prices ranging from \$410,000 to \$510,000 or from \$192.85 to \$266.46 per square foot of living area, including land. The subject's assessment reflects a market value of \$493,870 or \$263.54 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering differences in the comparables to the subject property and based on the evidence in this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
