

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Doug Kambich
DOCKET NO.: 17-03954.001-R-1
PARCEL NO.: 16-32-212-010

The parties of record before the Property Tax Appeal Board are Doug Kambich, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$64,258
IMPR.: \$262,376
TOTAL: \$326,634

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior with 3,771 square feet of living area. The dwelling was constructed in 2007. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and an 852 square foot attached garage. The property has a 18,135 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales all located in the subject's neighborhood and within 0.30 mile from the subject property. The Board notes no site sizes were provided for the appellant's comparables. The comparable sites are improved with two-story dwellings ranging in size from 4,028 to 4,196 square feet of living area. The homes were built between 2003 to 2006. All comparables have full basements, one with finished area; all

have central air conditioning, one or two fireplaces and attached garages ranging in size from 530 to 618 square feet of building area. The comparables sold from August 2015 to January 2017 for prices of \$905,000 or \$995,000 or from \$218.76 to \$237.13 per square feet of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$285,158.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$326,634. The subject's assessment reflects a market value of \$985,321 or \$261.29 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales all located in the subject's neighborhood and within 0.25 mile of the subject property. The comparable sites have sizes of 9,300 and 10,584 square feet of land area and are improved with two-story dwellings that range in size from 3,086 to 3,871 square feet of living area. The homes were built between 2004 and 2015. The comparables sold from May 2016 to April 2017 for prices ranging from \$863,000 to \$1,016,500 or from \$244.41 to \$305.57 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The comparables have varying degrees of similarity when compared to the subject in terms of age, dwelling size and features. The Board gives minimal weight to the appellant's comparables #1 and #2 for basement finish area or 2015 sale date, considered outside of a desirable timeframe for a January 1, 2017 market valuation. The Board also gives minimal weight to the board of review comparable #1 for its newer age relative to the subject. The Board finds the best evidence of market value to be the appellant's comparable #3 and board of review comparables #2, #3 and #4 which are considered most like the subject in terms of location, age, dwelling size and features. These most similar comparables sold for prices ranging from \$863,000 to \$1,016,500 or from \$237.13 to \$305.57 per square foot of living area, including land. The subject's assessment reflects a market value of \$985,321 or \$261.29 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
