

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Teodorico Tuazon
DOCKET NO.: 17-03957.001-R-1
PARCEL NO.: 16-08-207-019

The parties of record before the Property Tax Appeal Board are Teodorico Tuazon, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$86,871
IMPR.: \$174,564
TOTAL: \$261,435

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,246 square feet of living area. The dwelling was built in 1987. Features of the home include an unfinished basement, central air conditioning, one fireplace and an attached garage with 816 square feet of building area. The property has a 15,000 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with two-story dwellings with wood siding or brick exteriors that range in size from 2,900 to 3,513 square feet of living area. The dwellings were built in 1985 and 1986. Each home has a basement with one having finished area, central air conditioning, one fireplace and an attached garage ranging in size from 496 to 620 square feet of building area. These

properties have improvement assessments ranging from \$120,968 to \$130,407 or from \$37.12 to \$41.71 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$128,130.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$261,435. The subject property has an improvement assessment of \$174,564 or \$53.78 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on seven equity comparables improved one, 1.75-story dwelling and six, 2-story dwellings with wood siding or brick exteriors that range in size from 3,247 to 3,182 square feet of living area.¹ The homes were built from 1983 to 1989. Each comparable has a basement with one having finished area, central air conditioning, one or two fireplaces and an attached garage ranging in size from 480 to 816 square feet of building area. The comparables have improvement assessments ranging from \$178,914 to \$199,337 or from \$51.95 to \$59.70 per square foot of living area. The board of review requested the assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on ten comparables submitted to support their respective positions. The comparables are similar to the subject property in location, age, style, size and features. These properties have improvement assessments ranging from \$120,968 to \$199,337 or from \$37.12 to \$59.70 per square foot of living area. The subject's improvement assessment of \$174,564 or \$53.78 per square foot of living area falls within the range established by the comparables in this record. In reviewing the data, the subject property has an improvement assessment above five and below five of the comparables on a square foot basis. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The board of review utilized the property associated with PIN 16-08-208-003 twice in its grid analysis.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
