

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael and Sandy Switzer
DOCKET NO.: 17-03968.001-R-1
PARCEL NO.: 16-10-308-013

The parties of record before the Property Tax Appeal Board are Michael and Sandy Switzer, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$72,909
IMPR.: \$226,728
TOTAL: \$299,637

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 3,544 square feet of living area. The dwelling was constructed in 2006. Features of the home include a basement with finished area, central air conditioning, two fireplaces and an 838 square foot attached garage. The property has a 13,300 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on three equity comparables located within .84 of a mile from the subject. The comparables are described as two-story dwellings of brick exterior construction ranging in size from 3,495 to 3,891 square feet of living area. The dwellings were built from 1996 to 2000. The comparables each have a basement with finished area, central air conditioning, one fireplace and a garage ranging in size

from 644 to 690 square feet of building area. The comparables have improvement assessments ranging from \$158,262 to \$181,196 or from \$40.67 to \$48.32 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$299,637. The subject property has an improvement assessment of \$226,728 or \$63.98 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within .362 of a mile from the subject. The comparables are described as two-story dwellings of brick exterior construction ranging in size from 3,636 to 3,927 square feet of living area. The dwellings were constructed from 2002 to 2016. Each comparable features a basement with finished area, central air conditioning and a garage ranging in size from 492 to 633 square feet of building area. Comparables #2 and #3 each have three fireplaces. Comparable #3 also has a 450 square foot inground swimming pool. The comparables have improvement assessments ranging from \$228,161 to \$264,591 or from \$61.32 to \$67.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted six equity comparables for the Board's consideration. The Board gave less weight to the appellants' comparable #1 and board of review comparable #1 due to their dissimilar ages when compared to the subject. The Board also gave less weight to board of review comparable #3 which has an inground swimming pool unlike the subject. The Board finds the best evidence of assessment equity to be appellants' comparables #2 and #3 along with board of review comparable #2. These comparables are similar to the subject in location, dwelling size, design and most features. These properties have improvement assessments ranging from \$162,382 to \$234,255 or from \$46.46 to \$64.43 per square foot of living area. The subject has an improvement assessment of \$226,728 or \$63.98 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
